Councilman Joe Dill
Greenville County Council
301 University Ridge
Greenville, SC 29601

Dear Councilman Dill:

I am writing to provide you with our revised proposal from Durham-Greene, Inc. Construction Co. Attached is the new revised proposal. We are seeking to obtain assistance from Greenville County in regards to the demolition of the building, asbestos abatement, grading and paving. All of this information is provided in the attachment. This will reduce the bond request amount and reduce some of the tax burden in our fire district.

Greatly appreciate your continued support in getting these items funded. Please call if you have questions.

Sincerely,

Terry Hightower, Chairman
Board of Fire Control
River Falls Volunteer Fire Department
