There are three documents you will need to submit to Greenville County to show your district's need for a millage increase.

- 1. A cover letter stating what the need is.
- A financial plan: (a) showing the previous fiscal year's operations
 (b) showing the district's expectation of how the current fiscal year will end, and
 - (c) a 2-3 year forecast of the district's projected revenues and expenditures.
- 3. A showing of the district residents' support (ie. Letters, polling results, petition), just something to show that the need for a millage increase has been made known to the residents of Ashwicke and their positive response to the board's request.

If your goal is to have the new millage rate included in the tax bill that will be mailed out in October 2014, the County will need to have this information by the middle of June. Such a change will require three readings of an ordinance and a public hearing. The tax rolls are closed in September for the October billing and our meeting schedule will require this information to be presented to Council by their June 17th meeting in order to give this ordinance the time it needs to make it through the process.

John Hansley, Deputy County Administrator, said he would be happy to help you with this if you have any questions. His office number is 467-7105.

Let me know if I can be of further assistance.

Regina
