Re: Scuffletown Area Plan 2015

Scuffletown Area Plan

Over the past year, community residents, stakeholders, planners, and public officials participated in a series of meetings to update the Scuffletown Area Plan which was originally adopted by County Council in 2006.

The Scuffletown Area Plan 2015 is a statement of the community's vision, and seeks to address both the immediate concerns and long-term goals of the community.

A key recommendation of this plan is to preserve the cherished rural characteristics of the area by establishing a new zoning designation, the Scuffletown Rural Conservation District. The Scuffletown Rural Conservation District sets forth specific residential development standards to implement the goals and objectives put forth in the Plan. The application of this zoning district is intended only for those properties identified within the Scuffletown Plan area, as shown on the Official *Scuffletown Plan Area* Map (attached).

Upon initiation by Council, this zoning map and text amendment will receive public hearing on February 15th.
