Paula:

Good to talk to you and congratulations on the successful grant application. As discussed, an additional 149 feet of pipe at \$30 per foot for a total of \$4,470.00 is needed to serve the Paul property - PIN 0575010101101. Attached please find the GW quote for \$30,270.00 to serve this property. Please call if you need any additional information.

Thanks,
Susan

Good Morning Susan,

We have been working with Mr. Knight and Mr. Paul on a waterline grant for the installation of a water main on N. Harrison Bridge Road. Please find all the documentation above including your quote. The grant was approved by council on Tuesday of this week. Mary Lou Plumley will be sending a check to the Greenville Water System in the quoted amount of \$25,800. Both families have paid their share and I am now handing this off to you and your folks. Please let me know if you have any questions.

APPLICATION FOR COUNCIL GRANT ASSISTANCE WITH LIFE SAFETY WATER LINE INSTALLATION

Applications will be based on health and life safety issues that include contaminated/nonpotable wells, dry wells and fire protection. Greenville County Public Works Department, Engineering Division, will take applications for Council Grant Assistance with Life Safety Water Line Installation. Applications will be reviewed and scored by the Facilities Project Manager, Assistant County Administrator for Public Works, and the Engineering Division for completeness and criteria and will be submitted to PublicWorks, Planning and Development Committee for consideration on a first come, first serve basis.

This is a 50/50 grant program; therefore, the County of Greenville, upon approval by County Council, will provide 50% and the applicant will provide the other 50% for the installation of the water main and/or fire hydrant down the public road. The applicant has 60 days to secure their portion of the funding and remit to the County of Greenville. The respective property owners are responsible for the tap/meter fee and connection to the dwelling.

Dear Mr. and Mrs. Knight:

This refers to your request for an estimate for a water main extension to serve the above referenced property.

According to our measurements, a water main could be extended 860 feet along North Harrison Bridge Road to serve the property. The applicant is required to advance funds for a water main installation at \$30 per foot under a standard Installation Agreement with the Commission. Accordingly, your project cost would be 860 feet at \$30.00 per foot for a total of \$25,800. Price and policy are subject to change without notice.

In addition to the cost of the main extension, the requesting party must pay standard connection fees to Greenville Water (see <http://www.greenvillewater.com/development-fees/>) and all applicable plumbers' fees.

Please contact us at your earliest convenience if you would like to proceed with this project.

If we can be of further assistance, please let us know.

Sincerely,
Susan Overstreet
