APPLICATION FOR COUNCIL GRANT ASSISTANCE WITH LIFE SAFETY WATER LINE INSTALLATION

Applications will be based on health and life safety issues that include contaminated/non-potable wells, dry wells and fire protection. Greenville County Public Works Department, Engineering Division, will take applications for Council Grant Assistance with Life Safety Water Line Installation. Applications will be reviewed and scored by the Facilities Project Manager, Assistant County Administrator for Public Works, and the Engineering Division for completeness and criteria and will be submitted to Public Works, Planning and Development Committee for consideration on a first come, first serve basis.

This is a 50/50 grant program; therefore, the County of Greenville, upon approval by County Council, will provide 50% and the applicant will provide the other 50% for the installation of the water main and/or fire hydrant down the public road. The applicant has 60 days to secure their portion of the funding and remit to the County of Greenville. The respective property owners are responsible for the tap/meter fee and connection to the dwelling.

Applicant's Name Laura Starbro Phone Number 864-430-1245
Street Address 107 Williams Circle, Simpsonville, SC
Mailing Address (if different) 150 Victoria Lane, Greer, SC 29651

Specific detailed information concerning this request:

- What type of assistance is needed Water main extended 445 ft along Williams Circle to service my property
- Why the assistance is needed Well water is not sufficient in quantity or quality per well company and dhcc.
- Letter, certifying need, is attached from Bailey's Recycling & Well Drilling
- Name of Water System: Greenville Water
- Name of Fire District: Simpsonville Fire Department
- Additional statement of information: Well tested by dhcc and found to have coli bacteria after multiple treatments were done.

I (We) understand that we are responsible for the tap/meter fee and connection to the dwelling.

Subject: Water Main Extension Request - Williams Circle, Simpsonville

Re: 107 Williams Circle
PIN 0560020100103
Simpsonville, SC

Dear Ms. Stanbro:

This refers to your request for an estimate for a water main extension to serve the above referenced property.

According to our measurements, a water main could be extended 445 feet along Williams Circle to serve the property. The applicant is required to advance funds for a water main installation at \$30 per foot under a standard Installation Agreement with the Commission. Accordingly, your project cost would be 445 feet at \$30.00 per foot for a total of \$13,350. Price and policy are subject to change without notice.

In addition to the cost of the main extension, the requesting party must pay standard connection fees to Greenville Water (see <http://www.greenvillewater.com/development-fees/>) and all applicable plumbers' fees.

Please contact us at your earliest convenience if you would like to proceed with this project.

If we can be of further assistance, please let us know.

Sincerely,
Susan Overstreet

BAILEY'S RECYCLING & WELL DRILLING

10/22/16

To whom it may concern:

Concerning the well at 107 Williams Circle Simpsonville, SC. Bailey's installed a pump in the existing well on the property a while back. The water was a yellowish color. The customer said they'd treat the water. Treating the water did not work. We rechecked the water on today's date & we do not recommend the water to be used for drinking. The well should be abandoned.
