7) Location of Project: Donaldson Center Fire Department at SCTAC

8) Project Description: (Attach additional pages if necessary)

a. General Description: Installation of a motorized gate to allow emergency response vehicles to access the taxiways & runways

b. Benefit project will provide the Community:

The installation of this gate would provide an entry point to the active airfield, for emergency response vehicles, and remove the risk of an incursion with civilian and commercial aircraft found at other entry points.

c. Additional Comments: _____

Donaldson Center Fire Department responds to any emergency that takes place on the active runway. The response includes a number of large vehicles. The current access points require these vehicles to navigate around civilian and commercial aircraft. These obstacles not only slow down the emergency response, but adds to the potential for an accident

9) Project Budget: going to and returning from the emergency response.

a. Total Project Budget including all sources of funds: \$ 7000.00

b. Percent request equals of the total Project Budget? 100%
