APPLICATION FOR COUNCIL GRANT ASSISTANCE WITH LIFE SAFETY WATER LINE INSTALLATION

Applications will be based on health and life safety issues that include contaminated/non-potable wells, dry wells and fire protection. Greenville County Public Works Department, Engineering Division, will take applications for Council Grant Assistance with Life Safety Water Line Installation. Applications will be reviewed and scored by the Facilities Project Manager, Assistant County Administrator for Public Works, and the Engineering Division for completeness and criteria and will be submitted to Public Works, Planning and Development Committee for consideration on a first come, first serve basis.

This is a 50/50 grant program; therefore, the County of Greenville, upon approval by County Council, will provide 50% and the applicant will provide the other 50% for the installation of the water main and/or fire hydrant down the public road. The applicant has 60 days to secure their portion of the funding and remit to the County of Greenville. The respective property owners are responsible for the tap/meter fee and connection to the dwelling.

Applicant's Name Roger Arledge Phone Number 864-238-7370

Street Address 453 Caroldean Circle Travelers Rest, SC 29690

Mailing Address (if different) Same

Specific detailed information concerning this request:

- What type of assistance is needed: I am requesting the Greenville Water System extend the water line to my house from other lines in my neighborhood so that I can tie onto city water. My son is planning to build directly across the road from me and also needs water.
- Why the assistance is needed: I purchased an easement to my former neighbors well/water line many years ago and have never had a well or city water access on my property. The well water has excessive iron and sediment and must be filtered out to use and drink. Again, my son is planning to build and needs water as well. His home will be built directly across the street from me. I also have another son that may build beside him some day on the adjacent lot and will also need water services.
- Letter, certifying need, is attached from Roger Arledge
- Name of Water System: _____
- Name of Fire District: North Greenville Fire District
- Additional statement of information: _____

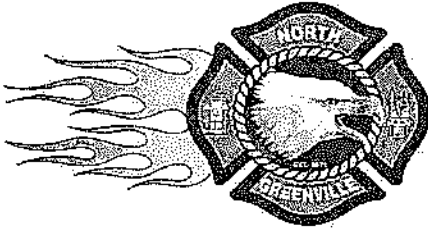

I (We) understand that we are responsible for the tap/meter fee and connection to the dwelling.

Re: Roger Arledge
453 Caroldean Drive
Travelers Rest, S.C. 29690

To whom it may concern,

North Greenville Fire Department is writing in concern of public water that is needed for Caroldean Drive in Travelers Rest, South Carolina. It is important to North Greenville Fire Department to have adequate public water supplies in this area for life and property safety. Life safety being our primary concern. The public water extended for Caroldean Drive would be a tremendous asset for us to achieve this valuable resource for this community.

If you have any questions, please feel free to contact me. Thank you for your time and consideration in this matter.

Sincerely,

Chief Lee Kelly

Arledge, Roger

Subject: Water Main Extension Request - Caroldean Circle

Re: Caroldean Circle
Tax Map 0501010100106

Dear Mr. Arledge:

This refers to your request for two estimates for a water main extension to serve the above referenced property using two alternate water main routes:

 According to our measurements, a water main could be extended 1,130 feet from Mountain View Drive to Caroldean Circle to serve the property. The applicant is required to advance funds for a water main installation at \$30 per foot under a standard Installation Agreement with the Commission. Accordingly, your project cost would be 1,130 feet at \$30.00 per foot for a total of \$33,900.00.

According to our measurements, a water main could be extended 1,810 feet from Blue Ridge Way to Caroldean Circle to serve the property. The applicant is required to advance funds for a water main installation at \$30 per foot under a standard Installation Agreement with the Commission. Accordingly, your project cost would be 1,810 feet at \$30.00 per foot for a total of \$54,300.00.

Price and policy are subject to change without notice.

In addition to the cost of the main extension, the requesting party must pay standard connection fees to Greenville Water (see <http://www.greenvillewater.com/development-fees/>) and all applicable plumbers' fees.

Please contact us at your earliest convenience if you would like to proceed with this project.

If we can be of further assistance, please let us know.

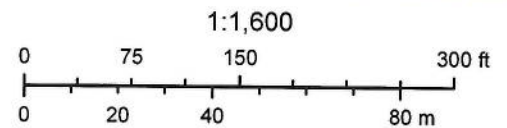

Sincerely,
Susan Overstreet

To whom it may concern:

This letter is in reference to the water line and hydrant being requested by Ms. Delores Moody at 230 Lindsey Lake Rd. Having the water line extended in that location would be beneficial to the entire surrounding area. There are few hydrants in that area, none within at least 1500 feet. Meaning to provide fire coverage we would have to shuttle water with a tanker to this area. With the population growth in our area the need for more water grows also.

Thank you for your time and consideration in this matter.

Sincerely,

Chief Lee Kelly

Re: Water Availability – Lindsey Lake Road – Tax Map #0505080102700

Dear Ms. Moody:

This refers to your request for an estimate for a water main extension to serve the above referenced property.

According to our measurements, a water main could be extended 370 feet along Lindsey Lake road to serve the property. The applicant is required to advance funds for a water main installation at \$30 per foot under a standard Installation Agreement with the Commission. Accordingly, your project cost would be 370 feet at \$30.00 per foot for a total of \$11,100. Price and policy are subject to change without notice.

In addition to the cost of the main extension, the requesting party must pay standard connection fees to Greenville Water (see www.greenvillewater.com/development-fees/) and all applicable plumbers' fees.

Please contact us at your earliest convenience if you would like to proceed with this project.

If we can be of further assistance, please let us know.

Sincerely,
GREENVILLE WATER
