Staff Report	<p>The subject parcel zoned S-1, Services is 12.58 acres of property located on Keys Drive approximately 0.7 miles west of the Roper Mountain Road and I-385 interchange. The parcel has approximately 685 feet of frontage along Marcus Drive and 400 feet of frontage along Keys Drive. The applicant is requesting to rezone the property to R-MA, Multifamily Residential.</p> <p>The applicant stated at the public hearing the proposed land use is for apartments.</p> <p>The subject site is located in an area of Greenville County that is highly developed, with this parcel as one of the few parcels left undeveloped. The subject site is currently zoned S-1, Services, with Office, Commercial and Service type uses surrounding it. There is also some high density residential present to the north of this area. Staff is of the opinion that rezoning this parcel to R-MA, Multifamily Residential would be an ideal opportunity to allow for additional high density residential in this area.</p> <p>Based on these reasons staff recommends approval of the requested rezoning to R-MA, Multifamily Residential.</p>
