

## Billboard Inventory

301 Billboards existed when the Initial Billboard Inventory was performed due to the adoption of the Billboard Ordinance on July 10, 1986.

Each year a Billboard inventory is performed.

2001	235 Billboards
2019	181 Billboards

See the attached Maps showing the locations of the Billboards in 2001 and the current 2019 Billboard Inventory.

The Billboard Ordinance is very specific in the process to obtain a Billboard permit as specified below.

Per section 19-58 Billboards

“(a) Billboards may be relocated to a new site provided they meet the provisions of the ordinance.

(b) ***Criteria for relocation of billboards.***

(1) No billboard shall be relocated to a new site except in accordance with the general provisions of this chapter, and except as follows:

A. ***Location.*** Billboards shall only be permitted in C-2, S-1 and I-1 districts.

B. ***Spacing.*** On all streets and highways within the jurisdiction of this chapter, no billboards may be established:

1. Within 1,000 feet of any other billboard located on the same side of the street;
2. Within 500 feet from the vertical point of any other billboard located on the opposite side of the street;
3. Within 500 feet of residentially zoned property on the same side of and fronting the street in question;
4. Within 500 feet of residentially zoned property on the opposite side of and fronting the street in question;
5. At intersecting streets, within 500 feet of any other billboard measured by the curb line or curb line extension. A billboard may be located at this point or at a vertical point on the opposite side of the street, provided all other criteria are met;
6. Within 1,000 feet of any historic site, place or district that is recorded on the national register, or any public park, measured by the curb line of the existing streets. A billboard may be located at this point or at a vertical point on the opposite side of the street, provided all other criteria are met;

7. Within 1,000 feet from the center of any designated scenic highway when locating a billboard on a street which intersects with a scenic highway.

(c) ***Maximum allowable display area.***

- (1) Six hundred seventy-two square feet per sign face.
- (2) Twenty percent of the 672 square feet allowable for extended copy of “pop-ups.”

(2) ***Permits for relocated billboards.*** A permit for the relocation of a billboard shall not be issued by the county unless:

A. An officer of the company applying for a permit to relocate a sign certifies in writing that the company has provided the information required by (h)(1) above for all of its existing billboards in the county.

B. The county has certified that the off-premise sign at the original location has been completely removed.

C. The county has verified that the proposed billboard and its proposed location meet the criteria set forth in this section.

D. All other requirements for obtaining a permit have been met, including the payment of a permit fee as charged by the county codes department.

No permit for the relocation of a billboard shall be issued if the company requesting such permit is presently in violation of any of the provisions of this chapter.

(i) ***Construction of relocated signs.***

(1) Any billboard relocated pursuant to the provisions of this chapter must be constructed within 12 months from the date the permit is issued.

(2) A relocated billboard shall have no more faces than it had at its previous location.

(3) The faces or faces of a relocated billboard shall have no more display area (square footage) per face than it had at its previous location. In no event shall the face of a relocated billboard exceed the maximum allowable display area set forth in division (c) herein.”
