

To Whom It Amy Concern  
Re: Community Project Description

23 August 2019

Statistics reflect that just over 68% of our emergency responses in 2019 have been rescue and emergency medically related in nature. With the advent of a new heavy rescue coming to our department in October of this year, the addition of an Automated External Defibrillator to its equipment cache would obviously be of a great benefit to our department to better serve our community.

Thank you for your consideration in this matter.

Sincerely,

Assistant Chief M. Holbrook
