**GREENVILLE COUNTY, SOUTH CAROLINA
 FY2009 EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT (JAG)
 PROGRAM NARRATIVE**

SHERIFF'S OFFICE ENHANCEMENTS

SHERIFF'S OFFICE

Funding for Equipment \$252,246
Total: \$252,246

The Sheriff's Office is requesting \$252,246 in support of acquiring mobile data terminals (MDTs) for Sheriff's Office vehicles. Sheriff's Office vehicles that respond to day-to-day calls are equipped with MDTs. These units allow deputies to interface with computer aided dispatch (CAD) and communications staff. They are used for NCIC information, call details, suspect identification, and vehicle information. The vast majority of the current MDTs within the vehicles are greater than 9-10 years old. Advanced age makes them technologically old and obsolete and these units cannot be expanded any further to meet the needs of the Sheriff's Office. If awarded, this grant would assist the Sheriff's Office to acquire 60-65 MDTs and accessories for system upgrades. The entire grant amount would be used for this purchase.
