RFP# 08-10/13/09

Issued September 11, 2009

NOTICE TO VENDORS:

The following revisions, additions, and clarifications are hereby made part of the Contract Documents for the above-referenced project and shall be taken into account in the preparation of all proposals and the execution of all work. Responders shall acknowledge receipt of the addendum in their proposals.

The following changes are made to Project 2010-02 and 2010-03:

Project 2010-02 (Design-Build Only)

Stenhouse Road (F-29)

Stenhouse Road is a minor collector road that runs from West Georgia Road to Neely Ferry Road-south. The total length is 2,625 feet with ditch to ditch right of way. Approximately 267 feet of Stenhouse Road beginning at the intersection with West Georgia Road is located in the City of Simpsonville and is not included in this scope of work. The purpose of the project is to design and construct road widening improvements that address appropriate road widths, horizontal alignments, shoulders and drainage improvements. The scope of work will include but may not be limited to survey, geotechnical, design, permitting, right of way acquisition and construction services.

Project 2010-03 (Design Only)

Coach Hill Drive (J-69) Bridge

Coach Hill Drive is a local residential road that runs from Raintree Lane to Blacks Road, a length of 4,380 feet. There is an existing 13.3' wide by 8.4' high corrugated pipe arch culvert with less than one (1) foot of cover. The scope of work for this project may include but not be limited to performing all design, hydraulic study and permitting necessary to replace the existing structure. Recent hydrologic data is available and will be provided. The structure must satisfy county floodplain ordinance requirements.
