END OF ADDENDUM

Appendix G: Paving List

This list is consistent with County Council's policy adopted June 2005

Note: Annually each proposed list is subject to approval by County Council. These roads have not been field assessed for type of repair, road length, or terminus accuracy. Selection of these roads is based on Pavement Overall Condition (OCI) data. Each list of roads will be re-evaluated and detailed estimates prepared. This could result in roads being deferred to following years, being added to current year, and/or substituted. Roads listed in this document are subject to approval by County Council; therefore, Greenville County Public Works Department does not guarantee the paving of these roads in the proposed year. OCI information is for Year 2008 from Stantec Consulting, Inc.
