attention in the form of berms where vegetation is now sparse. I might add that these buffers are probably more important to Shadow Oak Commons homeowners than to surrounding neighbors.

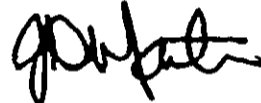

9. Water is available to the facility as indicated by the attached water plan from Greenville Water Works. Meters will be set in islands next to street for access to Water Works. Water lines from meters to individual units are the property of and will be maintained by the Horizontal Property Regime.

12. Number of units is 60.

If additional information is needed concerning this matter, please feel free to call.

Very truly yours,

ARBOR ENGINEERING, INC.
