

Together with the rights of ingress and egress for the purpose of cutting and removing said trees and timber and to do all things reasonably necessary upon said lands to cut and remove said trees and timber and such other necessary rights as are usually exercised in the cutting and harvesting of timber and pulpwood.

Grantee shall have the right until November 1, 1985 to cut and remove the timber herein conveyed. Any trees not removed from the premises within the term of this deed shall revert to the grantors.

Skidding, loading and decking operations must be within the sales area. Portable mills allowed.

It is permissible to cut blue painted trees but not white painted line trees. Penalty fee for cutting trees not for sale is \$150.00 per MBF (INTP rule, FC 78) and \$12.00 per cord.

Old Woods Road and New Logging Access Road must be maintained with water bars, broad base dips, and proper sloping and be left in as good a condition as found when logging begins.

Skid trails, logging roads, and access roads must be smoothed and controlled for erosion with water bars. Work must be done immediately following use of such trails or roads. This is so landowner can seed the routes with grass. Jack Sherrill & Associates, Inc. will have permission to supervise this work.

All streams, springs and wet areas must be kept clear of logging debris or dirt at all times to allow water to flow freely. Any streams that are crossed or bridged must be done at right angles to the course. Temporary bridging must be removed when logging is terminated.

No trees, limbs, or brush are to be left in or across White Painted boundary line, streams, or Cutover Area.
