Four elementary schools are located within an approximate five mile radius of the Earle property: Greenview, Blythe, Sirrine, and Baker's Chapel. All of these schools are currently underutilized except Greenview. It is logical, in my opinion, to assume that the administration would recommend that this area be assigned to one of the three schools which is currently underutilized.

The projections you provided me with indicated that we could anticipate approximately 111 students to be generated by the development of the Earle property. Included in this total is 21 elementary students. I have, therefore, based my comments in this letter upon your projections.

I hope you will find this information helpful. Please don't hesitate to let me know if I can be of further assistance.

Sincerely,

Rudolph G. Gordon  
Assistant Superintendent  
Southwest Area Schools
