ALSO, as a part of the above described property, the grantor does hereby convey unto the grantee a perpetual right-of-way upon and over the grantor's property to install a catch basin at a spring located within what is known as the "Bluff Section" of the "Cliffridge Section" of Caesar's Head, said spring being located near two streams in a northwesterly direction from the main tract conveyed herein, for the purposes of running water pipes to supply water for the premises conveyed to the grantee herein. The right-of-way conveyed herein shall extend to any successor of or purchaser from the grantee herein so long as the property is used for radio and/or television purposes, but in all events shall cease and terminate upon the cessation of such use coupled with the property being subdivided for residential purposes. If the said catch basin and pipes materially interfere with the development of the property by the grantor, the grantor may substitute another spring with a comparable flow of water, installing a comparable catch basin and pipes connecting to the grantee's water system, all at the expense of the grantor. If the property is converted to sale for residential purposes by the grantee, its successors or assigns, the grantor agrees that such purchasers shall have the right to connect to any water system of the grantor subject to a reasonable payment for water supplied based on rates paid to the grantor by other customers.
