Guarantee: All drains function to customer satisfaction _____ (Initial)
Because stoppages in drains & sewers are rarely if ever visible it is difficult if not impossible to be sure of the extent of results. However, if certain specific procedures can be followed we have learned that the chances of lasting success are good. Therefore, one time guarantees are written for specific periods of time for stoppages due to specific problems, excluding foreign objects and excessive paper in drain line.
Expires _____
for above line problem _____
