With this in view, you will demobilize all units at your camp including permanent camp organizations, not previously ordered demobilized and discharge such of the enlisted personnel as is eligible for discharge under general instructions issued or that hereafter may issue. Report, attention Room 336, number, vocation, grade and arm of service of all men so retained.

The reduction of permanent camp organizations will be gradual and will keep pace with the discharge of enlisted men and the disposal of supplies, equipment and transportation, in order that the discontinuance of the use of Camp Wadsworth may proceed in a systematic manner and with the least practicable delay, until the personnel remaining is reduced to that necessary for the proper functioning of the Base Hospital Remount Depot and the necessary caretakers who will be supplied from the personnel now at your camp. The caretakers will include men retained in service under paragraph 2 above, and Fire Hose and Truck Co.

The Chiefs of the interested Supply Departments have been directed to arrange for the prompt disposal of all supplies, equipment and transportation except those pertaining to the Base Hospital and Remount Depot and the Construction Division has been directed to salvage or otherwise dispose of the buildings except those pertaining to the Base Hospital and remount Depot, equipment, transportation and buildings pertaining to the Supply Departments

You will inform, without delay, the nearest representatives of all volunteer organizations which have erected buildings at your camp that the use of the camp is to be discontinued and will request that they remove their buildings from the camp or otherwise dispose of them as they see fit.

When the reduction of the personnel at your camp makes necessary such action, you are authorized to transfer all prisoners at your camp, except those pertaining to the base Hospital and Remount Depot to the nearest demobilization camp, after arrangements have been made by you with the commanding officer of the proper camp to receive them.

The Chiefs of the Staff Corps have been directed to advise you as to the disposition of specially qualified enlisted men of their Corps required at other Camps, and you will transfer such men in accordance with their instructions, provided that no man who has established the merit of his claim to discharge under Circular 77, War Department, 1918, will be so transferred. All other enlisted men of Staff Corps Organizations at your camp will be discharged as provided in paragraphs 2 and 6 above.

Officers will be disposed of as provided for in general instructions which have been or may hereafter be issued from this office.
