

## TITLE TO REAL ESTATE

"Insertion B"

W. N. WATSON SUPPLY CO.  
East North Street at Brown  
Greenville, S. C.  
July 22, 1947

Monroe Calculating Machine Co.  
Greenville  
South Carolina

Gentlemen:

The deletions at the heading of the lease are immaterial and are quite all right with me. I have no objections to the additions or insertions on page #3.

You have attached to the lease an additional page or portion of a page which I have taken the liberty of identifying as quote "Insertion A". "Insertion A" contains five separate paragraphs. I have no objections of paragraphs 1, 2 and 4. As to paragraph 3 I had not planned to record the lease as I have no fear of the Monroe Calculating Machine Company. If you want the lease recorded you will have to absorb the expense which the Register of Mesne Conveyance advises me will be seven dollars and five cents (\$7.05). As to paragraph 5, I am unwilling to subscribe to a provision this broad.

I am attaching the original and copy of this letter to the original and copy of the lease marking it "Insertion B" and having executed the lease, initialing the insertion. If this meets with your approval please sign "Insertion B" and return the original of "Insertion B" to me for insertion in the original lease which I am retaining.

Yours very truly,

Approved:
