PROVISIONS FOR UNDERGROUND ELECTRICAL
DISTRIBUTION SYSTEM

(1) An underground electrical distribution system is to be provided in this subdivision by Duke Power Company and rights of way along the streets have been granted to Duke Power Company for the necessary ditching for such system. It will be necessary, however, for the ditches to be constructed from the Duke Power Company right of way to the residences erected upon the various lots in this subdivision and each lot owner, upon a request for electrical service to his lot, shall at the lot owner's expense construct the necessary ditch from the underground distribution system to the lot owner's residence. This ditch may also be used by Southern Bell Telephone & Telegraph Company for underground telephone service.

(2) No driveway upon any lot shall be located nearer than five feet from any transformer pad locations.

(3) The location of the permanent electric meter will be determined by agreement between Duke Power Company and the
