

2. In consideration of the premises I do hereby give and grant unto Shriners Hospitals for Crippled Children, its successors and assigns forever, the right, privilege and easement to go upon, enter and use the strip of land in or upon which the new sewer line shall be constructed for purposes of inspection or repair and the right to use and maintain the said additional sewer line and to exercise all rights of ownership over the same.

3. It is expressly understood that I, my heirs and assigns hereby reserve the right to tap and make connection with the new sewer line at any time, provided that in doing so I comply with the regulations and requirements of the Greater Greenville Sewer Commission or their successors and provided that such connections of taps shall not overload the said new sewer line or the present line and provided they shall not interfere with the proper sewerage disposal of sewerage from the Shriners Hospital.

It is also understood that the Greenville County Tuberculosis Hospital, which is now connected with the sewer line now in use shall have the same rights as to the use of the new line.
