

8. Garbage containers, trash cans, wood piles and clothes drying areas must be so located that they will not be visible from the street.

9. Property owners will be required to keep tall shrubbery or hedges trimmed to reasonable limits where air circulation or view from surrounding property may be adversely affected or where traffic hazards may be created.

10. Provisions must be made by the property owners for off street parking of cars belonging to domestic servants as the parking of such cars on street rights-of-way for long periods of time during the day or night will not be permitted. No trucks unless three-quarter ton or less in size shall be permitted to be parked or stored on the property or on the streets in the subdivision.

11. All garages that are fully enclosed may face the street but all carports must face away from the principal street of the house so that the main view of the house from the street will not be directly into such a carport.

III.
