

by the Committee as to the quality of workmanship or material, the harmony of exterior design with existing structure, and the location with respect to topography and finish grade elevation.

The Committee may, by unanimous vote, grant a waiver or requirement for the set-back lines, for the side lines, and for the lot lines either prior to construction or after violation; provided in the option of the Committee such a waiver should be granted because of topography, the shape of any platted lot or any other reason which, in the opinion of the Committee would make it impossible or impracticable to comply with the established requirements. Provided, further, in the opinion of the Committee, such a waiver will cause no subject injury to any other lot owner. In no event may the Committee approve or ratify a violation of the front set-back line of more than five feet or of the side line of more than five feet. In no event shall the Committee approve the re-subdividing of a lot or changing the lot line unless such shall be done to add to and increase the size of an adjacent lot; provided, no such change decrease the frontage of any lot shown upon the plat by more than five feet, unless the purpose and reason for subdivision is to divide the lot between the owners of the adjacent lots to thereby increase the size of both adjacent lots.

Such a waiver whether for permission or ratification as provided in this paragraph shall be done in writing in a manner that it can be recorded and it shall be binding upon all persons.

ARTICLE III.

Additional property: The declarant may from time to time add such additional real property to the restrictions, covenants, reservations, liens and changes herein set forth by appropriate reference hereto.

ARTICLE IV.

Violation: If any section, sub-section, sentence, clause or phrase of these covenants add restrictions for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portion of the covenants and restrictions.
