County of Greenville

VOL 1228 PAGE 381

November 22, 1982

Mr. Sam R. Putnam, Jr., AIA
J. E. Surrine Company
Box 5456
Greenville, South Carolina 29606

Dear Sam:

As requested, the location and status of roads on and adjacent to the proposed Baptist Retirement Center have been investigated. The attached sketch shows the locations of S-564, H-89, and H-90 relative to the property. Our records indicate no other state or county roads affect the site. The status of access to parcel 533.3-1.1 via a private road from H-90 should be pursued with the owner of that parcel.

It appears that H-90 will provide an excellent means of secondary access to the proposed development should such be necessary.

If we can be of further assistance, please advise.

Very truly yours,

Hank Ludwig,
County Engineer

HL/seb
