Dear Mr. Putnam:

Your proposal has been reviewed for the Rolling Green Village project to be located off Road S-564 (Garlington Road) in Greenville County.

It is not felt that any significant traffic problems will be created by the development's access onto Road S-564 if it is constructed at the location indicated to District Traffic Engineer Gary Thompson during your meeting with him on January 11, 1983.

Yours very truly,

  
P. E. Bradham  
District Engineer
