The permanent right-of-way, after the pipe line is installed, shall be fifty feet in width measuring twenty-five feet from the center on each side of said pipe line as laid, and no obstruction shall hereafter be placed on said fifty foot right-of-way.

If in laying the pipe line it is necessary to cut any timber from the right-of-way, such timber shall be placed at the edge of the right-of-way on the land of the undersigned and shall be the property of the undersigned.

It is further understood that the owner is to have the right to cultivate and use this right-of-way strip of land, provided, such use thereof shall not interfere with the proper maintenance and free access to the pipe line to be installed under this agreement.
