

been informed and his independent investigation has convinced him that this sum of \$12.50 was paid by one Tenney who had a contract with one Joe J. Harross by which the said Tenney was purchasing a completed house on the said lot, the said house to be built by Harross; that your petitioner is further informed and believes that the sum of \$1250.00 represents the full value of the said lot and that the bequest in fact has no interest or estate in the lot and there is no way for the creditors and to enter into the performance of this contract would be a waste of all expense.

VI.

That all of these facts in this petition were fully reported to the creditors at the a. judgment of the meeting held February 25, 1955, and adjourned to March 10, 1955; that after discussion and consideration, the creditors decided it was the consensus of the opinion of the creditors that they should divide this property, there being no objection thereto the trustee was directed by the referee to file a formal petition for liquidation.

That your petitioner requests that the referee divide the property and for the creditors all interest in the property herein be ended, and that the title be vested in the trustee.
