

WILLIAMS AT NORTH
HORIZONTAL PROPERTY REGIME
GREENVILLE, SOUTH CAROLINA

NOTES:

- 1) The building shown on this site plan is a two story structure. There are eight units on each level. Unit dimensions are shown on unit floor plans. Each unit is numerically identified.
- 2) Each unit may generally be described as consisting of space bounded by the interior undecorated and/or unfinished surfaces of the perimeter walls, floors and ceilings. The boundary between units is the centerline of the respective walls. Specific reference is made to the Declaration for a more detailed description.
- 3) All interior angles of units are 90°, unless otherwise noted. Ceiling heights are 8 1/2'.
- 4) Everything shown on these site and floor plans are general common or limited common elements except the units. Specific parking spaces may hereafter be assigned by the Association. Specific reference is made to the Declaration for more detailed definitions and descriptions.

ARCHITECT CERTIFICATE

This is to certify that the within site and floor plans, together with the wording thereon, is a true and correct representation of the layout and the improvements described. The survey including all dimensions shown, was made by Dalton & Neves Engineers, dated July 1973
