conveying water through the premises above described, together with the right at all times to enter upon said premises for the purpose
of inspecting said line and making necessary repairs and alterations thereon, together with the right to clear the full right of way granted
herein and to keep the permanent portion of said right of way cleared of all trees, vegetation and any other obstructions that may, in the
opinion of the Grantee, in any way endanger or interfere with the proper operation of, or access to, the same.

It is understood and agreed that:

1. The right of way granted under this agreement is of such dimensions as shown on the plat marked "Pipeline Right of Way
Greenville County, O. C. Davis to Commissioners of
Public Works of the City of Greenville, S. C.", attached hereto and made a part hereof. The damage which the Grantee is to be liable for
during construction is to be confined to the construction right of way and nothing beyond. The location of the pipe line to be installed is
to be approximately along the line now located and staked out by the engineers, subject to a variation of not exceeding five feet either
way, and the location of the pipe line will determine the definite location of the right of way herein granted. The entire right of way
shall be cleared and used for the purpose of installing the pipe line. The location of the pipe line within the right of way shall be as

not interfere with the proper maintenance and/or free access to the pipe line to be installed under this agreement. No building, septic tank,
underground tank, burial ground or any structure shall be placed on the permanent right of way. Existing fences will be restored after con-
struction, including gates to permit Grantee access. Future fences are permissible, subject to written approval by the Grantee, and the
Grantor(s) shall provide an approved gate or gates for Grantee access. No other use of the permanent right of way shall be permitted
without prior written consent of the Grantee.
 4. Grantor(s) grants the Grantee the right of ingress to and egress from said right of way strip over and across the other lands of
the Grantor(s) by means of existing roads and lanes thereon, adjacent thereto, or crossing said strip. Grantee will repair any actual
damage it may do to Grantor's private roads or lanes and will reimburse Grantor(s) for any actual damage not repaired which is caused
by the exercise of the right of ingress and egress.
 5. The failure of the Grantee to exercise any of the rights herein granted at any time or from time to time shall not be construed
as a waiver or abandonment of such rights.
 6. The payment above specified covers compensation for the full right of way and easement, and also covers all claims for damages
along said right of way resulting from construction of the pipe line to be laid.
 7. In case of future damages to property or crops resulting directly from an accident on the pipe line, the Grantee, shall, at its
sole option, either restore the property to its approximate original condition or shall pay the actual damages resulting directly therefrom.
