ground, and being shown on a print on file in the office of the Metropolitan Sewer Subdistrict. During construction said
right-of-way shall extend a total width of 40 feet, extending 20 feet on each side of the center line.

The Grantor (s) herein by these presents warrants that there are no liens, mortgages, or other encumbrances to a clear

there be.

2. The right-of-way is to and does convey to the Grantee, its successors and assigns the following: The right and privilege
of entering the aforesaid strip of land, and to construct, maintain and operate within the limits of same, pipe lines, manholes,
and any other adjuncts deemed by the Grantee to be necessary for the purpose of conveying sanitary sewage and industrial
wastes, and to make such relocations, changes, renewals, substitutions, replacements and additions of or to the same from
time to time as said Grantee may deem desirable; the right at all times to cut away and keep clear of said pipe lines any and all
vegetation that might, in the opinion of the Grantee, endanger or injure the pipe lines or their appurtenances, or interfere with
their proper operation or maintenance; the right of ingress to and egress from said strip of land across the land referred to
above for the purpose of exercising the rights herein granted; provided that the failure of the Grantee to exercise any of the
rights herein granted shall not be construed as a waiver or abandonment of the right thereafter at any time and from time to
time to exercise any or all of same. No building shall be erected over said sewer pipe line nor so close thereto as to impose any
load thereon.

3. It is agreed: That the Grantor (s) may plant crops, maintain fences and use this strip of land, provided: That crops

4. It is further agreed: That in the event a building or other structure should be erected contiguous to said sewer pipe
line, no claim for damages shall be made by the Grantor, his heirs or assigns, on account of any damage that might occur to such

ever nature for said right-of-way.

7. In the event plans for said sewer lines are cancelled or altered and this right-of-way is not needed, then same may be
