 Recorded 10<sup>th</sup> Feb<sup>r</sup>y 1802

1954 Note:

There are clearly no missing pages between his preceding page 126 and 127  
 on the back of the same sheet. His page numbering was just chaotic to  
 that point shifting back and forth. And he finally "skipped" 100 numbers  
 which we have chosen to leave that way on the new 1954 typed index.
