ADDITIONAL COVENANTS. In addition to the covenants and agreements made in the Security Instrument, Borrower and Lender further covenant and agree as follows:
A. INTEREST RATE AND MONTHLY PAYMENT CHANGES
The Note provides for an initial interest rate of $10$ %. Section 4 of the Note provides for changes in the interest rate and the monthly payments, as follows:  14. INTEREST RATE AND MONTHLY PAYMENT CHANGES
(A) Change Dates The Interest rate I will pay may change on the first day of
The Interest rate I will pay may change on the first day of the could change is called a "Change Date." that day every 12th month thereafter. Each date on which my interest rate could change is called a "Change Date."
Beginning with the first Change Date, my interest rate will be based on an index. The "Index" is the weekly average yield on United States Treasury securities adjusted to a constant maturity of 1 year, as made available by the Federal Reserve Board. The most recent index figure available as of the date 45 days before each Change Date is called the "Current Index."  If the index is no longer available, the Note Holder will choose a new index which is based upon comparable information. The Note Holder will give me notice of this choice.  The first index figure for this note is 10.91%. It is called the "Original Index."  The Original Index plus a margin of 2.5% (after rounding the result up to the nearest 1/8 of 1%) is called the "Adjustment Base Rate."
(C) Calculation of Changes  Before each change date, the Note Holder will calculate my new Interst rate by calculating the difference, if any, between the Current Index and Original Index. If the Current Index is higher than the Original Index, the Note Holder will add the difference to the Adjustment Base Rate. If the Current Index is lower than the Original Index, the Note Holder will subtract the difference from the Adjustment Base Rate. The Note Holder will then round Index, the Note Holder will subtract the difference from the Adjustment Base Rate. The Note Holder will then round the result of this addition to the nearest 1/8 of 1 percentage point (0.125). Subject to the limits stated in Section 4 (D) below, this rounded amount will be my new interest rate until the next change date.  The Note holder will then determine the amount of the monthly payment that would be sufficient to repay the unpaid principal balance of my loan I am expected to one on the Change Date in full on the maturity date at my new interest rate in substantially equal payments. The result of this calculation will be the new amount of my monthly payments.
(D) Limits on Interest Rate Changes  The rate of interest I am required to pay shall never be increased or decreased on any single Change Date by more than two percentage points (2.00%) from the rate of interest I have been paying for the preceding twelve months.  Additionally, my interest rate shall never be greater than six percent (6%) above or below the "initial Interest Rate."
(E) Effective Date of Changes  My new interest rate will become effective on each Change Date, I will pay the amount of my new monthly payment beginning on the first monthly payment date after the Change Date until the amount of my monthly payment changes again.
(F) Notice of Changes  The Note Holder will mail or deliver to me a notice of any changes in the amount of my monthly payment before the effective date of any change. The notice will include information required by law to be given me and also the title and telephone number of a person who will answer any question I may have regarding the notice."
