RE: Inclement Weather Policy

As in the past, the Court will follow the decision of Greenville County as to operation of court during inclement weather. If the Greenville County office buildings are open and employees are required to be present, litigants, lawyers and jurors should be able to be present. If the County Offices are closed or opened on a delayed schedule, we will follow that schedule.

The number to call for inclement weather information is 467-7505. If any questions, please call me.
