To Whom It May Concern:

We are excited to announce that the Greenville County Register of Deeds is now recording electronically transmitted documents. We are currently accepting documents submitted through [Simplifile](#), and we will be adding other submission vendors in the future. For further information about how to begin e-recording with Greenville County, please contact Simplifile at 800-460-5657 or www.simplifile.com.

On June 7, the South Carolina Code of Laws was amended to allow registers of deeds to accept credit cards (Section 14-1-214). Effective immediately, we will be accepting VISA, MasterCard, and Discover for all transactions. Please be aware that the same code requires us to impose a fee to offset administrative fees. Therefore, we will be adding a surcharge of 3% to all credit card transactions. Our desire is to offer this feature as a way to help minimize the possibility of check fraud.

Thank you,

Timothy Nanney
