

exciting news!
**RENOVATIONS
ARE COMING
TO GREENVILLE COUNTY
ANIMAL CARE**

STARTING MONDAY, MARCH 10

for approximately 8 weeks

Greenville County Animal Care is getting facility upgrades to improve conditions for our pets, making the shelter a healthier, safer place for animals, adopters, and visitors!

During this time, we will continue to provide all of our great services as usual, but with significantly less animal housing and operational space. Due to necessary section closures, more than 50 animals will be directly impacted at a time, which means **we must reduce intake while increasing adoptions and fosters to ensure every pet has a safe place!**

**WHILE THEIR HOME IS
UNDER CONSTRUCTION**
give them the comfort of yours!

HOW YOU CAN HELP:

Starting now and continuing through April, we ask for your support to help us navigate this transition:

FOSTER

WHY FOSTER?

Give them a break – With construction bringing noise and disruptions, a foster home offers peace and comfort.

Make space for others – With limited kennel space, fostering helps keep pets safe while we continue lifesaving work.

Short commitment, lasting impact – With just a two week time commitment, fostering saves lives.

Open your home to a pet in need – even a short stay makes a difference!

BECOME A FOSTER

**RENOVATIONS WON'T
LAST FOREVER**
but a loving home will!

ADOPT

The best place for pets isn't a shelter at all—it's with you! Now is the perfect time to adopt and give a deserving pet the permanent, loving home they've been waiting for.

WHY ADOPT NOW?

Less Stress, More Love – Shelter life is tough, and renovations will make it even harder. Give a pet the comfort of a home where they truly belong.

Forever Means Forever – Unlike a temporary stay at the shelter, an adoption means stability, security, and unconditional love for life.

Help Your Community – With limited shelter space during construction, every adoption creates room for another animal in need.

Make this moment life-changing—for them and for you. Find your perfect pet today:
