**CONCLUSION and RECOMMENDATION:**

The subject parcel, zoned PD, Planned Development District is located along Old Spartanburg Road, a three to four-lane State maintained arterial road and Hudson Road, a two to three-lane State maintained collector road. Staff is of the opinion that a successful rezoning to PD – MC, Planned Development District – Major Change to allow an expansion of permitted uses within the Phase I and II areas of the Planned Development would not create an adverse impact on surrounding properties.

The development would have to meet the following condition:

1. Submit Final Development Plan for review and approval prior to the issuance of any land development or building permits.

Based on this reason, staff recommends approval of the requested rezoning to PD – MC, Planned Development District – Major Change with the aforementioned condition.
