

**GREENVILLE COUNTY, SOUTH CAROLINA
2024 JUSTICE ASSISTANCE GRANT PROGRAM
PROPOSAL NARRATIVE**

LAW ENFORCEMENT AND JUDICIAL SUPPORT ENHANCEMENTS

Greenville County government is seeking a grant in the amount of \$126,599 for the objective of enhancing and continuing programs established in law enforcement and judicial support areas of the County. The primary goal of this project is to improve and/or augment services provided to the citizens of Greenville County by the law enforcement and judicial departments within the county government. **Law Enforcement and Judicial Support Enhancements** will provide for supplies and training for the Forensics Division, equipment for the Sheriff's Office, and contractual funding for the continuation of the adult and juvenile drug court programs administered through the Solicitor's Office.

Upon award of grant funds, the County will acquire equipment, supplies, and services through the County's approved procurement process. All equipment is anticipated to be acquired and/or implemented within the first or second year of the project period. Once equipment is received by the County, any old equipment that is being replaced will be removed and disposed of and new equipment will be immediately installed. Training for equipment will occur immediately after the equipment is installed. The acquisition of contractual services will be an ongoing purchase throughout the project as long as funds remain.

The County's Office of Management and Budget will be responsible for coordination of all progress and financial reports of the grant. Reports will be submitted according to the

Department of Justice guidelines.

The project identifiers for the proposed grant activities are:

1. Forensics Science
2. Drug Courts
3. Equipment - General

DEPARTMENT OF PUBLIC SAFETY – FORENSIC DIVISION

The Department of Public Safety Forensic Division is requesting \$42,199 in support of law enforcement services. The funds will be used for supplies and training.

A total of \$32,199 of the funds will also be utilized for the purchase of chemicals and supplies for all sections of the Forensics Division: Drug Lab, Firearms Lab, Crime Scene Section, Latent Print Section, and Property and Evidence Section. A total of \$10,000 will be used for training for the Forensics Division. The Forensic Division utilizes commissioned police officers in specialized areas such as the Crime Scene Section and the Latent Print Section. Each employee must complete mandatory training during a three-year law enforcement accreditation cycle to maintain certification as a commissioned police officer. In addition to the required law enforcement training forensic officers require highly specialized training in such areas as Crime Scene Investigation and Reconstruction, Latent Print Development and Analysis, Bullet Trajectory, Blood Pattern Analysis, Forensic Photography, and Homicide/Forensic Death Investigations. These topics are not typically offered at the South Carolina Criminal Justice Academy and must be sought through outside sources. In most cases these classes are cost prohibitive in terms of tuition and/or travel expense. Funding would be used to seek specialized training for identified personnel.

Goals, objectives, and performance measures of the project include:

- Goal 1: Provide operational support of the Forensic Division to include the purchase of supplies and equipment to maintain accreditation standards
 - Objective 1: Provide operational support of the Forensic Division Laboratory.
 - Performance Measure: List of supplies/equipment purchased, location, and purpose.
- Goal 2: Provide funds for specialized training for Forensic Division personnel as required by law enforcement certification and accreditation standards
 - Objective 3: Obtain specialized training for Forensic Division personnel.
 - Performance Measure: List of specialized training classes, location of training, and purpose of each class.

SHERIFF'S OFFICE

The Sheriff's Office is requesting \$42,200 to acquire equipment, including outer vest carriers and pouches. Project goals include acquiring the necessary equipment for the Sheriff's Office.

- Goal: To implement the use of outer vest carriers for deputies.
 - Objective 1: To provide necessary equipment for officers
 - Performance Measures: List of equipment purchased

SOLICITOR'S OFFICE - DRUG COURT

The Solicitor's Office is requesting \$42,200 for the continuation of the Adult and Juvenile Drug Court Treatment programs. All referrals to the program must be approved by the Solicitor's Office. Drug Courts provide defendants the opportunity to recover from substance abuse disorders

with the goal of reducing any future criminal activity. The adult and juvenile programs are multi-phase treatment programs that incorporate intensive substance abuse counseling, judicial supervision, and random drug testing. Each program targets nonviolent offenders charged with drug or drug related crimes. Participants must have a substance abuse diagnosis and be willing to participate in treatment. Each phase of the program requires individual, group, and family therapy sessions as well as community support groups. Upon entering the program, counseling and drug testing requirements are intense. As the participant demonstrates progress by completing treatment goals, the participant is advanced to the next phase of the program. Program requirements are gradually decreased as the participant moves to the next phase. In the event that the participant fails to adhere to the program requirements, increased judicial supervision and sanctions are issued.

If deemed eligible for the Adult Drug Court, offenders must plead guilty in Court and a sentence will be imposed. The sentence will be suspended under the condition that the offender completes the Drug Court program. The program lasts minimum of 18 months. Successful completion of the program will result in the satisfaction of the sentence. To be eligible for the Juvenile Drug Court, the offender must be between the ages of 12-18 and charged as a juvenile. The parent or guardian must also agree to participate in the program with the juvenile. The program lasts a minimum of 12 months. Successful completion of the program will result in the dismissal of the charge(s). The funding will be used for drug testing and for part-time licensed counselors who will conduct weekly group counseling sessions.

Goals of the project include:

- Goal: The project goal is to increase the number of graduates from each program.
 - Objective: Increase graduates from each program.
 - Performance Measure: Number of applicants accepted into the program, number

of successful completions.
