Henry McMaster
Governor

South Carolina Department of
Parks, Recreation & Tourism

Duane N. Parrish
Director

Dear Chairman Dan Tripp,

South Carolina State Parks is partnering with Naturaland Trust to protect land adjacent to Paris Mountain State Park.

I'm writing you asking to provide a letter of support for South Carolina Parks Recreation and Tourism to acquire 65 acre Pipsissewa Passage tract. State Agencies are required to work with South Carolina Department of Administration (DOA) for Land Acquisitions approvals. The DOA requires we obtain a letter from the county.

I respectfully request a letter of support for this project acquisition and would appreciate receiving it by Dec 6, 2024. I've attached a draft letter in hopes to make it easier on you.

Thank you for your help with this second property,

Terry Hurley
Property Coordinator
