RE: Letter of Support for SCPRT Property Acquisition in Greenville County

Dear Terry Hurley:

Greenville County supports South Carolina Parks Recreation and Tourism's (SCPRT) work with Naturaland Trust a non-profit, to acquire the property. on the acquisition of approximately 365 acres in Greenville County. The property is made up of TMS # 0637010100400 and #0627010102900

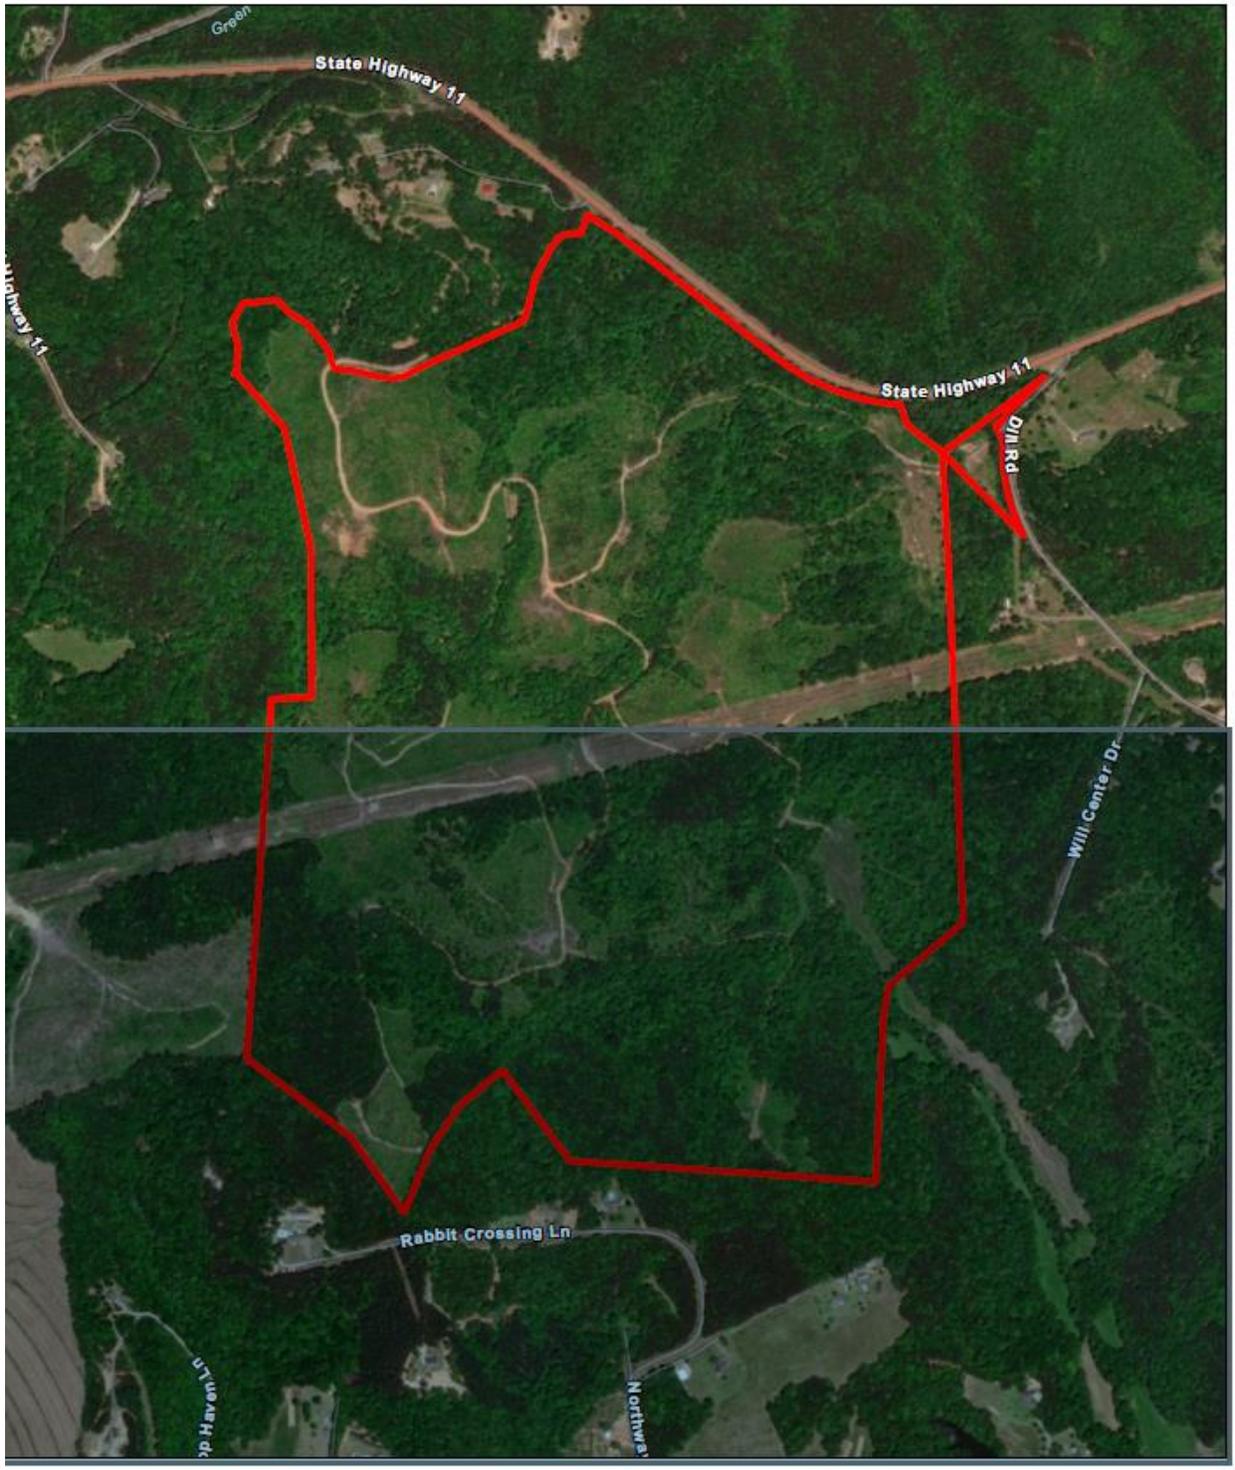

SCPRT anticipates the purchase of the property will be funded through a Land and Water Conservation Fund ("LWCF") Federal Grant and other state and local funding sources.

Glassy Mountain Foothills is a 365-acre forested tract of rolling ridge lines with a beautiful mountain stream that tumbles over granite boulders that will nearly connect the Chestnut Heritage Preserve, Naturaland Trust's holdings, and the Greenville Watershed, forming a significant protected land corridor south of Scenic Highway 11.

Greenville County supports this acquisition of this 365 acre Glassy Mountain tract and the efforts for it to become a recreational park managed by SCPRT.

Sincerely,

Dan Tripp
County Council Chairman

TMS# 0637010100400 ; 0627010102900
