Why are you interested in participating in the Citizens Academy?

I served as as elected councilman in the City of St. Charles, Missouri. I enjoyed the business of city government and the functionality of services required to operate at a high level. I desire to be involved in my local community in some capacity that allows me to utilize my experience in government without running for office.

Volunteer Experience / Civic Organizations:

St. Charles County, Missouri Veterans Commission; Project Veteran Aid both designed to serve our veterans. VA accredited Service Officer. US Army Veteran. Currently I work 12-15 hours per week at Front Porch Housing as a Care Coordinator for men in a 3 year transitional housing program. I have served on many City boards as an elected official. I serve as a financial social worker to many less resourced individuals seeking care in assisted or skilled nursing homes.

What specific skills do you believe you could contribute as a member of the academy?

Acute understanding of City/County services and their mission. Budget analysis, staffing, communication protocol, managing resident/public expectations. Productive reasoning and problem solving skills. Balanced understanding between program costs and benefits.

What are you most interested in learning during this academy?

I'd like to be capable of being a resource for both elected officials and county residents. If I could learn how the programs are organized, how they implement & utilize services, as well as, the over all operation, I could provide a voice to residents and a sounding board to officials. I have no specific political or other agenda to reform anything or impress my ideology, but rather to serve others and facilitate the highest level of service that is expected by both residents and elected officials

Consistent attendance at sessions is important to fully benefit from the program. By submitting your application, you acknowledge you have reviewed the dates and understand this commitment.
