Dear Mr. Lambrecht:

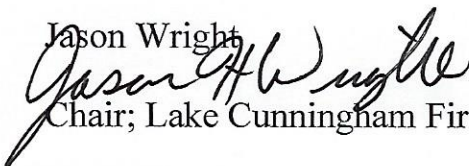

Lake Cunningham Fire District respectfully requests that the Greenville County Council, per its authority under State Law [Section 6-1-320(A)], adopt a resolution authorizing the District to maintain its current millage of 43.8 mills for operations and maintenance, to meet the operational needs of the District for fiscal year 2025-2026.

The proposed budget for fiscal year 2025-2026 calls for revenues of \$4,925,487 and expenditures of \$4,925,487.

Enclosed is a Resolution from the Commission approving the millage continuation request, along with a copy of our Enabling Act. We very much appreciate your assistance in this matter.

Sincerely,

Jason Wright

Chair; Lake Cunningham Fire District
