Councilor Ennis Fant

District 25 Representative
Greenville County Council

Dear Councilor Fant,

Thank you for your continued commitment to the residents, families, and organizations that serve District 25. I am writing on behalf of Dream Preparatory Academy, INC. to respectfully request your support in the amount of **\$5,000.00** to fund critical technology and classroom equipment for our facility.

Dream Preparatory Academy INC. serves as a vital early education and care hub in the Greenville community, providing high-quality Montessori-inspired and STEAM-based learning for children from infancy through early childhood. Our facility operates extensive hours to accommodate working families, offering primary day programs, after-school care, summer camps, and essential second-shift childcare.

To maintain our academic standards and optimize classroom delivery, it has become increasingly important for us to upgrade our technology infrastructure. We are expanding our learning capabilities through the integration of Windows-based workstations for staff curriculum planning and interactive media displays for our classrooms.

Attached, you will find an itemized project core component detailing the required equipment for which we seek a funding contribution of **\$5,000.00** towards the total infrastructure upgrade.

Investments in our school's technological framework directly support the success of local early childhood education and provide critical stability for the families who rely on our programs daily. We would be deeply grateful for your consideration and partnership.

Thank you for your leadership and dedicated service to District 25. Please feel free to contact me if you require any additional information.

Sincerely,

Tempestt Dozier
