

COMMUNITY PROJECT APPLICATION

1. Name of Project: Hose Replacement
2. Project Type:
 - ☐ a. Small, de minimis public projects associated with special, non-recurring requests for infrastructure purposes such as:
 - ☐ i. Public buildings and grounds
 - ☐ ii. GCRA, Municipal, Recreation Community centers open to the residents of Greenville County
 - ☐ iii. Infrastructure related studies: flooding, roads, lights, sewer and drainage
 - ☐ b. Contractual agreements for social, recreational, and educational programs and/or services
 - ☒ c. Contributions to taxing entities providing services in Greenville County for local projects
3. Amount of funds requested: \$5,000.00
4. Project Sponsor Organization: Clear Spring Fire and Rescue District
Mailing Address: 3008 Woodruff Road
Simpsonville SC 29681

W-9 requested (if needed): _____
5. Contact Person:
Name: Larry Kardos Title: Fire Chief
Telephone: (864) 288-1173
Email: lkardos@clearspringfire.org
6. Council Representatives(s):
Curt McGahhey

7. Location of Project: Clear Spring Fire & Rescue

8. **Project Description:**

Include a general description of the project and the benefit to the community. Attach additional pages, if necessary.
Please see attached for description.

9. **Project Budget**

Total Project Budget *(include all funding)*

\$10,000.00

Percent request equals of the Total Project Budget

50%

10. **List all funding sources for the Project:**

Funding Source	Amount
Councilor McGahhey Community Project Funds	\$ 5,000.00
TOTAL	\$5,000.00

Project Description

The 5" Supply hose replacement is a critical equipment replacement project focused on improving the operational readiness, reliability, and safety of Clear Spring Fire and Rescue's water supply operations through the replacement of aging 5" large diameter fire hose.

Large diameter hose serves as the backbone of fire suppression operations by providing sustained water flow from hydrants and relay pumping operations to frontline apparatus during emergency incidents. As hose ages, it becomes increasingly susceptible to wear, damage, coupling failure, and reduced performance, creating potential operational and safety concerns on the fireground.

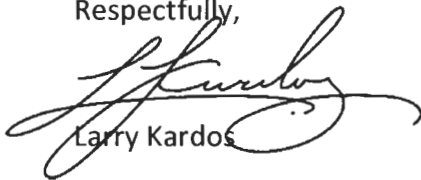

This project will provide replacement 5" hose sections to ensure dependable water delivery capabilities during residential, commercial, and auto/mutual aid incidents. The initiative will also support, improve deployment efficiency, and enhance interoperability during multi-agency responses.

By investing in upgraded hose infrastructure, Clear Spring Fire and Rescue will strengthen operational effectiveness, support ISO preparedness efforts, and reduce the likelihood of costly emergency hose failures or unplanned replacements in the future.

This initiative represents a long-term investment in the department's emergency response capabilities and continued commitment to providing reliable fire protection services to the community.

Thank you for your time and consideration.

Respectfully,
