ISO Class 1

Councilman Blount,

Parker District Fire Department is seeking \$5,000 of community grant funding to purchase essential personal protective equipment (PPE) for our firefighters. This equipment is critical to protecting the men and women who respond to fires, vehicle accidents, medical emergencies, and other hazardous situations in our community.

Grant funding would allow us to replace aging or worn equipment and provide appropriate PPE for firefighters who need it. Maintaining adequate PPE also helps our department meet current safety requirements and ensures that our personnel are properly equipped to respond effectively when our community needs them most.

Thank you for considering this request and for supporting the safety and well-being of our community.

Gregory Farley, Chief
