Item (9)  Ordinances – Second Reading

a. Zoning Ordinances

i. **CZ-2020-72:** Property of Connector Plus, LLC, located on Highway 153, I-85, Brown Road and Old Cleveland Street, requesting rezoning from R-S to C-3. The Planning Commission and Committee recommended approval.

**Action:** On behalf of the Committee, Councilor Dill moved approval of the ordinance at second reading.

Councilor Fant stated a petition had been signed by 172 residents of the area who were in opposition to the proposed request. The petition was included in the Staff Notes presented to the committee. The residents were very concerned about the intersection possibly being rezoned to C-3; he had received several emails from concerned citizens opposed to the request. Mr. Fant requested his colleagues deny the rezoning request.

Councilor Ballard stated while the property was actually located in District 25, his district was across the road from the site. He had heard from several of his constituents who were opposed to the request. When the original proposal was made, there were no objections. Since that time, the property had been sold and several changes had been made. Mr. Ballard echoed Mr. Fant’s request to deny.

Councilor Seman asked members of the Planning and Development Committee why they had recommended approval of the request. Ms. Seman stated the item could be sent back to the committee instead of a denial.

Councilor Fant stated the residents of the area would be in favor of rezoning the site as residential; however, residential zoning would not fit the area. A rezoning of C-3 would allow for gas stations and other businesses. The site consisted of three street corners; two corners would be appropriate for office development and the other could be appropriate for something else. The whole idea was to avoid “blanket” zoning all three corners. Mr. Fant stated there needed to be more input from the residents of Arcadia.

Motion was denied by a unanimous roll call vote.

ii. **CZ-2021-13:** Property of Betty Jane B. Bullard and Margaret B. Pearson, located at 917 and 919 Fairview Road, requesting rezoning from R-S to R-20. The Planning Commission and Committee recommended approval.

**Action:** On behalf of the Committee, Councilor Dill moved approval of the ordinance at second reading.

Councilor Ballard stated the property was located in his district and he was in favor of the request.

Motion carried unanimously.
iii. **CZ-2021-14:** Property of Crown Properties, LLC, located at 1305 Brushy Creek Road, requesting rezoning from R-15 to R-MA. The Planning Commission and Committee recommended approval.

**Action:** On behalf of the Committee, Councilor Dill moved approval of the ordinance at second reading.

Councilor Shaw stated the property was located in his district and he was in favor of the request.

Motion carried unanimously.

iv. **CZ-2021-15:** Property of Greenville Partners IV, LLC, located at 75 Mall Connector Road, requesting rezoning from S-1 to FRD. The Planning Commission and Committee recommended approval with conditions.

**Action:** On behalf of the Committee, Councilor Dill moved approval of the ordinance at second reading.

**Action:** Councilor Dill moved to amend the ordinance to include the following conditions:

- Applicant must submit a revised Preliminary Development Plan and Statement of Intent indicating the sidewalk along Mall Connector Road would match the sidewalk requirements of the City of Greenville.
- Applicant must submit a site plan for review and approval prior to the issuance of any Land Development or Building Permits.

**Action:** Councilor Seman moved to remove the condition regarding the sidewalk.

Councilor Tzouvelekas asked if Ms. Seman’s motion would completely remove sidewalks.

Councilor Seman stated there was already a sidewalk on the site. The proposed additional sidewalk would actually be a “sidewalk to nowhere” and an undue burden on the developer.

Motion to remove the condition regarding the sidewalk as presented by Councilor Seman carried unanimously.

Motion to amend as presented by Councilor Dill carried unanimously.

**Action:** Councilor Dill moved approval of the ordinance as amended.

Motion as amended carried unanimously.

v. **CZ-2021-16:** Property of DSP Holdings, LLC, located on New Easley Highway, requesting rezoning from S-1 to C-3. The Planning Commission and Committee recommended approval.
**Action:** On behalf of the Committee, Councilor Dill moved approval of the ordinance at second reading.

Motion carried unanimously.

**vi. CZ-2021-17:** Property of Joel Wesley McCrary, located at 5201 Wade Hampton Boulevard, requesting rezoning from S-1 to C-2. The Planning Commission and Committee recommended approval.

**Action:** On behalf of the Committee, Councilor Dill moved approval of the ordinance at second reading.

Motion carried unanimously.

**vii. CZ-2021-18:** Property of Second Half Investments, LLC, located on Old White Horse Road, requesting rezoning from R-S to FRD. The Planning Commission recommended approval and the Committee recommended denial.

**Action:** On behalf of the Committee, Councilor Dill moved approval of the ordinance at second reading.

Chairman Meadows stated the property was located in his district. He agreed with the recommendation of the Committee. Mr. Meadows stated it was “spot zoning” and he requested his colleague deny the request.

Councilor Dill stated eight votes in favor were needed to approve the request.

Councilor Seman stated FRD was more prescriptive than straight zoning. She had received a number of emails from residents who were very much in favor of the request. The area appeared to be low density, with not much traffic and little-to-no construction. She added it appeared to be a good project and she planned to vote in favor of the request. Ms. Seman asked if the item could be returned to the committee to see if there was some way to work things out.

Chairman Meadows stated he had also received a number of emails in favor of the proposed; however, most of the emails were from individuals outside of the area. Mr. Meadows stated it was good project and if it could be located elsewhere where it would not be “spot zoning”, he would be in favor.

Councilor Harrison stated he voted in favor of the request during the Planning and Development Committee. He respectfully disagreed that it was “spot zoning” and would be voting in favor of the request.

Motion was denied by a roll call vote of two (Harrison and Seman) in favor and ten (Dill, Barnes, Meadows, Shaw, Tzouvelekas, Norris, Fant, Ballard, Kirven and Tripp) in opposition.
vii. **CZ-2021-20:** Property of Alston Street, LLC, American Fast Print Limited (U.S.) LLC, Langston Creek, LLC and Piper Properties of Greenville, LLC, located on W. Item (13) Administrator’s Report

Joe Kernell provided an update regarding the Emergency Rental Assistance Program (EAP) that began on March 8, 2021. To date, a total of 1034 applications had been initiated; of those, 34 had been approved for a total of $175,194. Mr. Kernell stated 78 applications were under review to ensure eligibility; 102 applicants needed to submit additional information. To date, 42 landlords had submitted applications on behalf of their tenants; those applications required the tenants’ permission to move forward.

WYFF4, Fox News, WSPA, Greenville News and The Post and Courier had all favorably reported on the program. Staff continued to conduct webinars with community partners. A toll free line was in place for inquiries and the call center was available for immediate assistance.

Mr. Kernell stated the American Rescue Plan was put in place on March 11, 2021, and had received a great deal of press coverage. The plan was actually the third phase of the pandemic relief efforts; it allocated funds directly to counties across the country. Guidelines for the plan had not been released by the Treasury Department; it was anticipated they would be released within the next week to 10 days. The Treasury Department was required to release half of the funds within 60 days of passage of the law. Greenville County was scheduled to receive $101,537,747 based on initial estimates. The allocated funds were set aside to help counties recover from the effects of the pandemic and allowed for revenue replacement, which Greenville County had incurred. The receipt
of those funds was very timely as the County was currently in its budget process. Mr. Kernell stated he would keep Council updated on developments regarding the anticipated funds.

Item (14) **Requests and Motions**

- Councilor Tzouvelekas stated it had been a good meeting and thanked all those in attendance. He looked forward to seeing them at the next meeting.

- Councilor Norris stated she had received her second COVID-19 vaccine and was doing well.

- Councilor Seman thanked Councilor Shaw, Councilor Harrison and Councilor Tzouvelekas for attending orientation at SCTAC. They had hoped to see the F16 land but were unable to do so. The first F16 recently arrived from the U.S. Air Force for depot sustainment work. The arrival made SCTAC the Global Center of Excellence for the Fighting Falcon as Lockheed Martin and Greenville both produced and sustained the F16.

- Councilor Fant stated Council had received a number of emails and phone calls regarding Item 10.d. Mr. Fant stated it was a serious matter. Article 3.1 could not remain in its current state; however, a total repeal was not the answer. Mr. Fant suggested the formation of a task force, consisting of all the “game players at the table”, to collaborate and come up with possible solutions and/or recommendations.

  Mr. Fant stated the COVID-19 vaccine initiative that was held on March 6 in District 25 was very successful. A number of hesitant citizens took the initial vaccine and were scheduled for the second phase on March 27. Initial shots would also be administered on that date as well. He thanked Councilor Kirven and Joe Kernell for their visionary thought process in working with Prisma to put together the idea of the mobile vaccine units.

  Mr. Fant expressed his gratitude to Mr. Ballard for allowing him to co-officiate at his lovely wife Debbie’s funeral service. He was honored to be included.

- Councilor Ballard thanked everyone for their support during the last month.

  Mr. Ballard stated Washington Baptist Church in Pelzer would celebrate its 200th anniversary on Sunday, March 28.

- Councilor Kirven stated Article 3.1 (Item 10.d.) was a big issue, as evidenced by the evening’s discussion as well as citizen communication received by Council over the past few weeks. The credibility of County Council and Greenville County was on the line; people were looking to see if the issue could actually be fixed. It would take a lot to get things accomplished. Mr. Kirven hoped the process would not stop with the Planning and Development Committee; if so, it would be detrimental to the County as a whole.
Vice-Chairman Tripp stated he had discussed Article 3.1 with various individuals, community organizations and planning professionals; they all agreed it was broad and vague. He supported Councilor Fant’s suggestion regarding the formation of a task force.

Councilor Dill stated Article 3.1 affected his district greatly as well as the entire County. He had been contacted numerous times over the past few weeks about the issue. Due to the inadequacy of the Department of Transportation leadership, there were roads in terrible condition throughout Greenville County. Solutions to the issues surrounding Article 3.1 needed to the developed in a way to give a “good product in the end.”

Mr. Dill stated the mobile vaccine unit would be in Marietta on March 26; he thanked staff for making the necessary arrangements with Prisma Health.

Councilor Shaw thanked Ms. Seman for the SCTAC tour. It was very enlightening.

Councilor Harrison echoed thanks to Ms. Seman for the SCTAC tour.

Mr. Harrison stated one of the reasons he decided to run for Council was to address Article 3.1. It was certainly a problem. He agreed that a straight repeal was not the answer as there would be too many negative consequences. Mr. Harrison stated Greenville County needed to find a solution now, not later.

Chairman Meadows stated it was good to focus on Article 3.1. Some really good suggestions had been offered. He agreed that something needed to be done now.

Councilor Barnes wished Happy Birthday to Chairman Meadows.

**Item (15) Adjournment**

**Action:** Vice-Chairman Tripp moved to adjourn the meeting.

Motion carried unanimously and the meeting adjourned at 8:11 p.m.
