October 31, 2018

To the Honorable Chairman, Members of County Council, and Citizens of Greenville County:

We are pleased to present this Comprehensive Annual Financial Report (CAFR) for Greenville County, South Carolina (the “County”). The South Carolina Code of Laws along with the Federal Single Audit Act of 1984 requires that all general-purpose local governments publish, within six months of the close of each fiscal year, a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (GAAP) and audited in accordance with auditing standards generally accepted in the United States of America by a firm of licensed certified public accountants.

Management of the County assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive internal control framework established for that purpose. Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement.

Elliott Davis, LLC has issued an unmodified (“clean”) opinion on Greenville County’s financial statements for the fiscal year ended June 30, 2018. Their report is presented as the first component in the financial section of this report. The independent audit was part of a broader, federally mandated “Single Audit” designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are presented in the Single Audit Section of the CAFR.

Management’s Discussion and Analysis (MD&A) immediately follows the independent auditor’s report and provides a narrative introduction, overview, and analysis of the basic financial statements. This transmittal letter is designed to complement the MD&A and should be read in conjunction with it.

Profile of Greenville County

The County, located in the “Upstate” of South Carolina, is a progressive, high-growth area for high technology manufacturing, corporate headquarters and international business investment. Greenville County, the largest county in South Carolina, occupies a land area of approximately 789 square miles and serves a population currently estimated at 512,572. The County is empowered to levy real and personal property taxes to support government operations for the citizens it serves.

The South Carolina General Assembly established Greenville County in 1786 and County Council in 1967. In 1973, a County Executive was appointed to oversee the daily operation of delivering county government services. In 1976, the County adopted the Council-Administrator form of government in accordance with the “Home Rule Act.”

The County Council consists of twelve members elected for four-year staggered terms and is the legislative, policy-making body. The County Council appoints the County Attorney, Clerk to Council and County Administrator. The County Administrator is responsible for day-to-day operations, implementation of County Council policy and appointment of senior level County staff. The following seven officials are elected: Auditor, Treasurer, Register of Deeds, Clerk of Court, Sheriff, Coroner and Probate Judge.

The County provides a full range of government services including law enforcement, judicial system, recreation, health services, social services, emergency medical transport, construction, infrastructure maintenance and comprehensive planning. A five-member Soil and Water Commission also serves Greenville County.

In addition to the various operational departments of the County, four blended component units are included within the financial information presented for the primary government. These include the Greenville County Public Facilities Corporation established in 1991, the Greenville County Tourism Public Facilities Corporation established in 2008, the Greenville County Business Park Public Facilities Corporation established in 2015 and the University Ridge Public Facilities Corporation established in 2018. Financial transactions are processed through the County's financial system and are a part of the County's audit.

The County also includes separate financial information for the following two discretely presented component units:

The Greenville County Redevelopment Authority (the "Authority") was created in 1969 under the provisions of Act 516 of the South Carolina General Assembly. The Authority's mission is to improve the quality of life for low and moderate-income citizens of the County through improved affordable housing. The County Council appoints all board members, approves federal grant requests and is financially accountable for any deficits. The Authority issues separate audited financial statements which are available at the Authority's offices located at County Square.

The Greenville County Library System (the "Library") was created by County Council in 1979. The Library board consists of eleven members appointed by County Council. The Library issues separate audited financial statements which are available at the main Library.

State law requires that all political subdivisions of the State adopt balanced budgets. Further, each county council is required to adopt annually and prior to the beginning of the fiscal year, operating and capital budgets for the operation of county government. The County's biennium budget serves as the foundation for the County's financial planning and control. Although the level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established by fund, budgetary controls are exercised at lower levels of detail as well. The County Administrator is authorized to transfer budgeted amounts within a department. County Council must approve any revisions that alter the total budget of any department. The County also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Unencumbered budget amounts lapse at the end of each year, except those established for capital projects or grants that carry over to the next fiscal year.

Economic Condition of Greenville County

Local economy

Greenville County is the centerpiece of the region considered to be the "economic engine of South Carolina." Situated in the northwestern corner of the State, Greenville County is part of one of the nation's fastest growing areas, "The I-85 Corridor." Greenville is located between Atlanta, Georgia and Charlotte, North Carolina on I-85. The Atlantic Ocean and Port of Charleston are 200 miles to the Southeast down I-26, and the Blue Ridge Mountains are just 15 minutes away. The Greenville-Spartanburg International Airport is the busiest in the State and is served by most major airlines.

Greenville has what it takes to attract coveted new jobs and investment: skilled worker availability, exceptional quality of life, top ten Technical College, Blue Ribbon K-12 schools, low cost of living, low cost of doing business, excellent interstate access and numerous colleges and universities. With these competitive advantages, it is easy to understand why an impressive and diverse collection of international and domestic firms have selected the region for their businesses. From disaster recovery software to polymer technology, biomedical engineering to molecular diagnostics, Greenville is home to a burgeoning tech ecosystem.

Under the new accounting policy, *GASB Statement No. 77, Tax Abatement Disclosures* (GASB 77), that became effective during fiscal year 2017, the County was required to disclose about \$6.7 million in abated property tax revenues for the fiscal year ended June 30, 2018. These tax abatements allow the County to aggressively pursue new businesses. Companies locating or expanding operations in Greenville during the year include the following: Kloeckner Metals (a metal processor and distributor) will invest an additional \$11.3 million, Vetroresina LLC (a manufacturer of fiber-reinforced polyester laminates) will invest \$7.5 million on an expansion project, Metromont Corporation (a concrete manufacturer) will invest an additional \$8.8 million, EAS Change Systems (a specialized manufacturer that supports the automotive industry) will locate corporate

operations in Greenville County, bo parts GmbH (an automotive supplier) will invest \$4.1 million and create more than 100 jobs and Zylo Therapeutics (a developer of state-of-the-art technology for the pharmaceutical industry) will locate new operations in the County.

Greenville County is the most populous county in the State of South Carolina. Below is a trend analysis showing the population growth for the past fifty years.

<u>Greenville County Population</u>	
2018 (Estimate)	512,572
2000	379,616
1990	320,167
1980	287,913
1970	240,774
1960	209,776

Long-term financial planning

The County’s capital improvement program is designed to identify major, infrequent and nonrecurring projects, which should be financed over a period of years. The fiscal year 2019 through fiscal year 2022 capital improvement program totals about \$93 million in the areas of technological improvements, equipment, recreation projects, facilities, infrastructure, and storm water. The capital improvement program budget totals about \$62 million for fiscal year 2019, \$11 million for fiscal year 2020 and \$10 million each year for fiscal years 2021 and 2022. Budgeted facility improvements include the construction of a new County facility in fiscal year 2019.

Relevant financial policies

Greenville County policy requires the County to aggressively pursue all grant opportunities after considering all current and future implications of both accepting and rejecting the grant. Total operating grants for the current fiscal year were approximately \$26 million compared to \$20 million for the prior fiscal year. This increase was mainly due to increases in judicial, community development/planning and emergency medical services grants.

Major initiatives

County Council established a list of long-term priorities related to public safety, infrastructure, fiscal condition, public transit, economic development, comprehensive planning and employment diversity.

- Provide a safe community for citizens by maintaining a manageable detention center population, reducing EMS response time and funding anti-crime efforts.
- Adequately fund roads/infrastructure needs and reduce traffic congestion.
- Operate within a fiscally responsible framework, maintain triple A bond ratings and review opportunities for streamlining.
- Rethink public transportation strategies to enhance transportation.
- Increase the quality of the workforce through training and increase the number of jobs (especially high paying jobs).
- Coordinate the implementation of a county-wide comprehensive plan and infrastructure improvements with appropriate entities.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the County for its CAFR for the fiscal year ended June 30, 2017. This was the 27th consecutive year that the County has received this prestigious award. In order to be awarded a Certificate of Achievement, the County published an easily readable and efficiently organized CAFR. This report satisfied both generally accepted accounting principles (GAAP) and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the GFOA gave an Award for Outstanding Achievement in Popular Annual Financial Reporting to the County for its Popular Annual Financial Report for the fiscal year ended June 30, 2017. The Award for Outstanding Achievement in Popular Annual Financial Reporting is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government popular reports. In order to receive an Award for Outstanding Achievement in Popular Annual Financial Reporting, a government unit must publish a Popular Annual Financial Report whose contents conform to program standards of creativity, presentation, understanding and reader appeal. An Award for Outstanding Achievement in Popular Annual Financial Reporting is valid for a period of one year only. We believe our current report continues to conform to the Popular Annual Financial Reporting requirements, and we are submitting it to the GFOA.

The preparation of the CAFR could not have been accomplished without the professional and dedicated services of the entire staff of the Financial Operations Division. We would like to express our appreciation to all members of the Division who assisted and contributed to the preparation of this report. We thank the employees of various other County divisions for their assistance in collecting and assimilating data. We also express our appreciation to the County Council for their support for maintaining the highest standards of professionalism in the management of the County's finances.

Respectfully submitted,

Joseph M. Kernell
