INTRODUCTORY SECTION

Joseph M. Kernell
County Administrator
jkernell@greenvillecounty.org
(864) 467-7105
www.greenvillecounty.org

October 13, 2022

To the Honorable Chairman, Members of County Council, and Citizens of Greenville County:

We are pleased to present this Annual Comprehensive Financial Report for Greenville County, South Carolina (the “County”). The South Carolina Code of Laws along with the Federal Single Audit Act of 1984 requires that all general-purpose local governments publish, within six months of the close of each fiscal year, a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (GAAP) and audited in accordance with auditing standards generally accepted in the United States of America by a firm of licensed certified public accountants.

Management of the County assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive internal control framework established for that purpose. Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement.

Mauldin & Jenkins, LLC has issued an unmodified (“clean”) opinion on Greenville County’s financial statements for the fiscal year ended June 30, 2022. Their report is presented as the first component in the financial section of this report.

Management’s Discussion and Analysis (MD&A) immediately follows the independent auditor’s report and provides a narrative introduction, overview, and analysis of the basic financial statements. This transmittal letter is designed to complement the MD&A and should be read in conjunction with it.

Profile of Greenville County

The County, located in the “Upstate” of South Carolina, is a progressive, high-growth area for high technology manufacturing, corporate headquarters and international business investment. Greenville County, the largest county in South Carolina, occupies a land area of approximately 789 square miles and serves a population currently estimated at 533,834. The County is empowered to levy real and personal property taxes to support government operations for the citizens it serves.

The South Carolina General Assembly established Greenville County in 1786 and County Council in 1967. In 1973, a County Executive was appointed to oversee the daily operation of delivering county government services. In 1976, the County adopted the Council-Administrator form of government in accordance with the “Home Rule Act.”

The County Council consists of twelve members elected for four-year staggered terms and is the legislative, policy-making body. The County Council appoints the County Attorney, Clerk to Council and County Administrator. The County Administrator is responsible for day-to-day operations, implementation of County Council policy and appointment of senior level County staff. The following seven officials are elected: Auditor, Treasurer, Register of Deeds, Clerk of Court, Sheriff, Coroner and Probate Judge.

The County provides a full range of government services including law enforcement, judicial system, recreation, health services, social services, emergency medical transport, construction, infrastructure maintenance and comprehensive planning. A five-member Soil and Water Commission also serves Greenville County.

In addition to the various operational departments of the County, five blended component units are included within the financial information presented for the primary government. These include the Greenville County Public Facilities Corporation established in 1991, the Greenville County Tourism Public Facilities Corporation established in 2008, the Greenville County Business Park Public Facilities Corporation established in 2015, the University Ridge Public Facilities Corporation established in 2018 and the Greenville County Redevelopment Corporation (incorporated as the County Square Redevelopment Corporation) established in 2020. Financial transactions are processed through the County's financial system and are a part of the County's audit.

The County also includes separate financial information for the following three discretely presented component units:

The Greenville County Redevelopment Authority (the "Authority") was created in 1969 under the provisions of Act 516 of the South Carolina General Assembly. The Authority's mission is to improve the quality of life for low and moderate-income citizens of the County through improved affordable housing. The County Council appoints all board members, approves federal grant requests and is financially accountable for any deficits. The Authority issues separate audited financial statements that are available at the Authority's offices located at County Square.

The Greenville County Library System (the "Library") was created by County Council in 1979. The Library board consists of eleven members appointed by County Council. The Library issues separate audited financial statements that are available at the main Library.

The Greenville Area Development Corporation ("GADC") was organized in 2001, exclusively for promoting and enhancing the economic growth and development of the County. The County Council appoints all board members, approves federal grant requests and is financially accountable for any deficits. GADC issues separate audited financial statements that are available at the Greenville County Administrative Office at 301 University Ridge, Greenville, South Carolina 29601.

State law requires that all political subdivisions of the State adopt balanced budgets. Further, each county council is required to adopt annually and prior to the beginning of the fiscal year, operating and capital budgets for the operation of county government. The County's biennium budget serves as the foundation for the County's financial planning and control. Although the level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established by fund, budgetary controls are exercised at lower levels of detail as well. The County Administrator is authorized to transfer budgeted amounts within a department. County Council must approve any revisions that alter the total budget of any department. The County also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Unencumbered budget amounts lapse at the end of each year, except those established for capital projects or grants that carry over to the next fiscal year.

Economic Condition of Greenville County

Local economy

Greenville County is the centerpiece of the region and the "economic engine of South Carolina." Situated in the northwestern corner of the State, Greenville County is part of one of the nation's fastest growing areas, "The I-85 Corridor." Greenville is located between Atlanta, Georgia and Charlotte, North Carolina on I-85. The Atlantic Ocean and Port of Charleston are 200 miles to the Southeast down I-26, and the Blue Ridge Mountains are just 15 minutes away. The Greenville-Spartanburg International Airport is the busiest in the State and is served by most major airlines.

Greenville has what it takes to attract coveted new jobs and investment: skilled worker availability, exceptional quality of life, top ten Technical College, Blue Ribbon K-12 schools, low cost of living, low cost of doing business, excellent interstate access and numerous colleges and universities. With these competitive advantages, it is easy to understand why impressive and diverse collections of international and domestic firms have selected the region for their businesses. From disaster recovery software to polymer technology, biomedical engineering to molecular diagnostics, Greenville is home to a burgeoning tech ecosystem.

Under the accounting policy, *GASB Statement No. 77, Tax Abatement Disclosures* (GASB 77), that became effective during fiscal year 2017, the County was required to disclose about \$4.3 million in abated property tax revenues for the fiscal year ended June 30, 2022. These tax abatements allow the County to aggressively pursue new businesses. Despite the impact of the coronavirus pandemic, economic development activity has not stopped in Greenville County. The county announced 2021 capital investment of \$142 million, along with 1,836 new jobs.

Greenville County is the most populous county in the State of South Carolina. Below is a trend analysis showing the population growth.

<u>Greenville County Population</u>	
2022	533,834
2020 (Census)	525,534
2010	451,428
2000	379,616
1990	320,167

Source: US Census Bureau

Unemployment rates for Greenville County and the state of South Carolina have consistently remained lower than those of the United States. As a result of the coronavirus pandemic, many employees were temporarily furloughed. Due to the resiliency of our local economy, unemployment rates in Greenville County quickly recovered. Please refer to the chart of national, state and county unemployment rates for the last five years below.

<u>Unemployment Rates</u>					
	<u>2018</u>	<u>2019</u>	<u>2020</u>	<u>2021</u>	<u>2022</u>
Greenville County	3.3	3.3	8.4	3.9	3.2
South Carolina	3.8	3.5	8.6	4.5	3.2
United States	4.2	3.7	11.1	5.9	3.6

Source: South Carolina Department of Employment and Workforce

Long-term financial planning

The County’s capital improvement program is designed to identify major, infrequent and nonrecurring projects, which should be financed over a period of years. The fiscal year 2023 through fiscal year 2026 capital improvement program totals about \$150 million in the areas of technological improvements, equipment, recreation projects, facilities, infrastructure, and storm water. The capital improvement program budget totals about \$93 million for fiscal year 2023, \$20 million for fiscal year 2024 and \$18.5 million each year for fiscal years 2025 and 2026. Budgeted facility improvements include the completion of a new County facility in fiscal year 2023.

Relevant financial policies

Greenville County policy requires the County to aggressively pursue all grant opportunities after considering all current and future implications of both accepting and rejecting the grant. Total operating grants for the current fiscal year were approximately \$84 million compared to \$111 million for the prior fiscal year. The County received Cares Act funding used to lessen the impact of the Covid-19 pandemic.

One of Greenville County’s revenue policies states that the County shall strive to achieve a current property tax collection rate of not less than 98 percent. During the current year, property taxes collected as a percentage of the total levy was 98.1 percent.

Major initiatives

County Council established a list of long-term priorities related to public safety, fiscal responsibility, planning and infrastructure, economic development, community development and public transit.

- Provide a safe community for citizens. Support progressive procedures and enhanced processes that would better serve the citizens of Greenville County. Support the Sheriff's office through hiring and retaining additional deputies.
- Maintain triple A bond ratings; maintain fiscally responsible framework, review service levels and services provided by County departments, their current levels, any mandated levels, and opportunities for streamlining.
- Appraise the County's current infrastructure (roads/bridges/water/sewer) to prioritize projects aimed at stemming congestion and expanding utility services into underserved areas. Support infrastructure to meet the community's traffic and growth.
- Encourage location of prospects to certain areas of the County linked to transportation needs, job training initiatives, and possible use of vacant buildings. Continue to support the economic development arm of the County, the Greenville Area Development Corporation; increase ties with other key stakeholders in economic development.
- Build sustainable communities, address the lack of affordable housing, and create incentives to promote industry interest in filling this gap.
- Study public transportation system to determine the need and location for expanded transportation services.
- Create a plan for developing and enhancing connectors to the Swamp Rabbit Trail and improve trail safety.

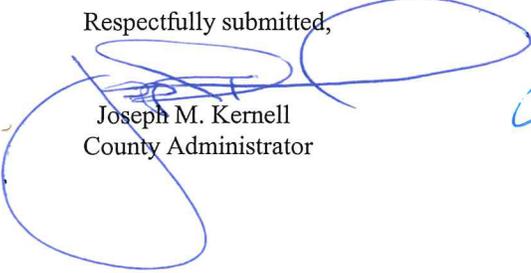

Awards and Acknowledgements

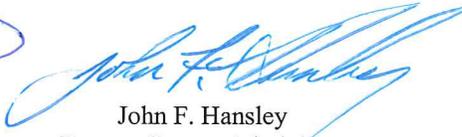

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the County for its Annual Comprehensive Financial Report for the fiscal year ended June 30, 2021. This was the 31st consecutive year that the County has received this prestigious award. In order to be awarded a Certificate of Achievement, the County published an easily readable and efficiently organized Annual Comprehensive Financial Report. This report satisfied both generally accepted accounting principles (GAAP) and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current Annual Comprehensive Financial Report continues to meet the Certificate of Achievement program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the GFOA gave an Award for Outstanding Achievement in Popular Annual Financial Reporting to the County for its Popular Annual Financial Report for the fiscal year ended June 30, 2021. The Award for Outstanding Achievement in Popular Annual Financial Reporting is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government popular reports. In order to receive an Award for Outstanding Achievement in Popular Annual Financial Reporting, a government unit must publish a Popular Annual Financial Report whose contents conform to program standards of creativity, presentation, understanding and reader appeal. An Award for Outstanding Achievement in Popular Annual Financial Reporting is valid for a period of one year only. We believe our current report continues to conform to the Popular Annual Financial Reporting requirements, and we are submitting it to the GFOA.

The preparation of the Annual Comprehensive Financial Report could not have been accomplished without the professional and dedicated services of the entire staff of the Financial Operations Division. We would like to express our appreciation to all members of the Division who assisted and contributed to the preparation of this report. We thank the employees of various other County divisions for their assistance in collecting and assimilating data. We also express our appreciation to the County Council for their support for maintaining the highest standards of professionalism in the management of the County's finances.

Respectfully submitted,

Joseph M. Kernell

INDEPENDENT AUDITORS' REPORT

To the County Council
of Greenville County
Greenville, South Carolina

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of **Greenville County** (the "County") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the General Fund and the COVID Relief Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Greenville County Redevelopment Authority, the Greenville Area Development Commission, or the Greenville County Library System, which represents 100% of the assets, net position, and revenues of the aggregate discretely presented component units as of June 30, 2022, and the respective changes in financial position for the year then ended. Those statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as it relates to the amounts included for the Greenville County Redevelopment Authority, the Greenville Area Development Commissions, or the Greenville County Library System are based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards (Government Auditing Standards)*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. The financial statements of the Greenville Area Development Commission, a discretely presented component unit of the County, were not audited in accordance with *Government Auditing Standards*. We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principle

As discussed in Notes 1, 6, and 7 to the financial statements, in 2022 the County adopted new accounting guidance, *GASBS No. 87, Leases*. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the Schedule of Changes in the County's Total Other Postemployment Benefits Liability and Related Ratios, the Schedules of the County's Proportionate Share of the Net Pension Liability, and the Schedules of Employer Contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's financial statements. The Schedule of Revenues and Expenditures Budget and Actual – General Fund, combining and individual nonmajor fund financial statements and schedules, the Schedule of General Obligation Bonds, Schedule of Outstanding Special Assessment General Obligation Bonds, the Schedule of Expenditures of Federal Awards, as required by Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards*, and the Uniform Schedule of Court Fines, Assessments, and surcharges, as required by the State of South Carolina are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 13, 2022, on our consideration of Greenville County, South Carolina's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Greenville County, South Carolina's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Greenville County, South Carolina's internal control over financial reporting and compliance.

Greenville County, South Carolina
Management's Discussion and Analysis
June 30, 2022

This discussion and analysis of Greenville County's (the "County") financial performance provides an overview of the County's financial activities for the fiscal year ended June 30, 2022. The intent of this discussion and analysis is to look at the County's financial performance as a whole. Readers should also review the transmittal letter, notes to the basic financial statements, financial statements, statistical section and single audit section to enhance their understanding of the County's financial performance.

Financial Highlights

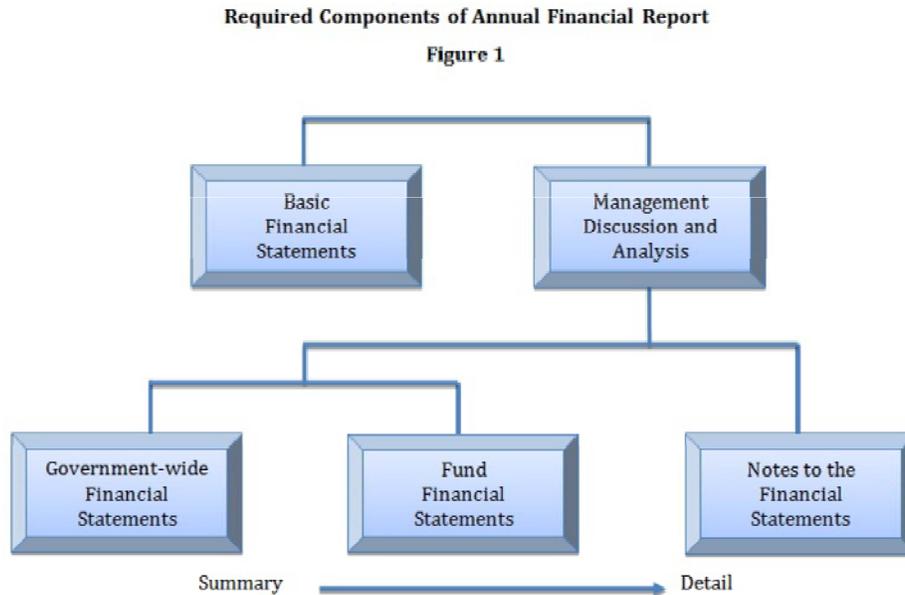

Key financial highlights for fiscal year 2022 are as follows:

- ⇒ The assets and deferred outflows of resources of the County's primary government exceeded its liabilities and deferred inflows of resources at the close of the current fiscal year by \$357,933,300 compared to \$311,785,655 for fiscal year 2021. The net position in the governmental activities increased from \$309,341,584 as restated in 2021 compared to \$354,159,164 in 2022. The net position in the business-type activities increased from \$2,444,071 in 2021 to \$3,774,136 in 2022.
- ⇒ The County's change in net position, for the primary government increased by \$46,147,645 due to an increase of \$44,817,580 in net position in the governmental activities and an increase of \$1,330,065 in the business-type activities.
- ⇒ As of the close of the current fiscal year, Greenville County's governmental funds reported combined ending fund balances of \$142,262,633 compared to \$76,047,299 as restated for fiscal year 2021 resulting in an increase of \$66,215,334. This increase in fund balance resulted from the receipt of \$50 million of federal funds due to the COVID Pandemic. The COVID relief fund was created to account for the proceeds directed to the County by the Department of the U.S. Treasury. Approximately \$41,000,000 in total was transferred to the General Fund. Approximately \$27,000,000 was for lost revenue replacement, \$2,600,000 for COVID expenditures and supplies, \$4,400,000 for overtime paid to EMS, Sheriff and Detention, \$4,300,000 for Greenville County technology upgrades and \$3,267,000 for premium pay for public safety and other frontline responders. Additionally, another \$30,000,000 of COVID relief funds received was transferred to special revenue for the Woodruff Road project.
- ⇒ At the end of the current fiscal year, *unassigned fund balance* for the County's General Fund was \$68,973,688 or 34 percent of total General Fund expenditures. The *unassigned fund balance* is available for spending at the discretion of the County. Approximately 5 percent of General Fund balance, or \$3,828,987, is *nonspendable or committed*.
- ⇒ In February 2022, the Greenville County Redevelopment Corporation issued a short-term obligation in the form of an installment purchase revenue bond. The Series 2022 Installment Purchase Revenue Bond in the amount of \$29,795,000 was used to refund a portion of the series 2021 Installment Purchase Revenue Bond Anticipation Notes and to pay the costs of issuance of the Series 2022 Bonds.
- ⇒ The County maintained its triple A bond rating that was assigned in 1999.

Management's Discussion and Analysis
June 30, 2022

Overview of the Financial Statements

This discussion and analysis serves as an introduction to the County’s basic financial statements. The County’s basic financial statements consist of three components - *government-wide financial statements*, *fund financial statements*, and *notes to the financial statements* (see Figure 1). In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader’s understanding of the financial condition of the County.

Government-wide Financial Statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the County’s finances, in a manner similar to a private-sector business.

The focus of the *government-wide financial statements* is on the primary government and includes governmental and business-type activities. Financial information for three component units is presented in separate columns in the Statement of Net Position and the Statement of Activities. These component units are legally separate organizations for which the County may exercise control and/or may be obligated to provide financial subsidy.

The *Statement of Net Position* presents information on all of the County’s assets, deferred outflows of resources, liabilities and deferred inflows of resources with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *Statement of Activities* presents information showing how the County’s net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes, accounts payable and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County

Greenville County, South Carolina
Management's Discussion and Analysis
June 30, 2022

include general government, public safety, roads and bridges, economic development, judicial services, health and welfare, and culture and recreation. The business type activities include solid waste disposal, land development and storm water quality control and a parking garage.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate the comparison between *governmental funds* and *governmental activities*.

The County has the following major governmental funds: General Fund, Revenue Bonds, Capital Projects Fund, COVID Relief Fund and the blended component unit, Greenville County Redevelopment Corporation. Information for these funds is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances. Information for the other governmental funds is combined into a single, aggregated presentation. Individual fund data for each of these non-major funds is provided in the form of *combining statements* elsewhere in this report.

As required, the County adopts an annual budget for its General Fund. The budget is a legally adopted document of County services and financing. The budget incorporates input from the citizens of the County, the management of the County, and County Council. It authorizes the County to obtain funds from identified sources to finance current period activities. The budgetary comparison statement has been provided for the General Fund to demonstrate compliance with the budget ordinance. Additionally, budget comparisons for all major funds with legally adopted budgets has been presented as part of the basic financial statements to demonstrate compliance with its legally adopted budgets. Unencumbered budget amounts lapse at the end of each fiscal year for the general fund and for the parks, recreation and tourism fund's operating accounts.

Proprietary Funds. The County maintains two different types of proprietary funds. *Enterprise Funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The County uses enterprise funds to account for solid waste, land development and storm water operations and the parking garage. *Internal Service Funds* are used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for its fleet maintenance, workers' compensation and employee health insurance. Because these services predominantly benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Solid Waste, Storm Water and Parking Garage Funds. Conversely, the three internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements.

Greenville County, South Carolina
Management's Discussion and Analysis
June 30, 2022

Fiduciary Funds. Fiduciary Funds are used to account for resources held for the benefit of parties outside the government. Fiduciary Funds are not reported in the government-wide financial statements because the resources are not available to support the County's operations. The County has several fiduciary types of funds used to account for tax revenues, restitution funds, judgments and child support payments.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found beginning on page 33.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain *supplementary information*, as well as, *required supplementary information* concerning the County's general obligation and overlapping debt, post-employment benefits and budget to actual schedules. Additional trend information about the County can be found in the Statistical Section of the report and information about federal grants can be found in the Single Audit Section.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as one useful indicator of a government's financial position. The assets and deferred outflows of resources of the County's governmental activities exceeded liabilities and deferred inflows of resources for the governmental activities by \$354,159,164 at June 30, 2022 and by \$309,341,584 as restated at June 30, 2021. The increase in net position is mostly due to an increase in long-term debt ,which was partially offset by a decrease in net pension liability.

By far the largest portion, \$528,577,690, or 149 percent, of net position reflects the County's investment in capital assets (e.g. land, buildings, machinery, equipment, vehicles and infrastructure), less any related debt still outstanding that was issued to acquire those items. An additional portion of the County's net position, \$73,817,038, represents resources that are subject to external restrictions on how they may be used. These include infrastructure, debt service, public safety, recreation and law enforcement. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

Greenville County, South Carolina
Management's Discussion and Analysis
June 30, 2022

The operations of administrative services and judicial services are the only functions of the governmental activities supported by program revenues. General revenues support all other functions of the governmental activities.

Governmental Activities

Governmental activities change in net position was \$44,817,580 for the fiscal year ending June 30, 2022. Key elements of this increase are as follows:

- ⇒ The increase in net position for the primary government is due to the reassessment of property values resulting in an increase of approximately \$25,000,000 in property taxes. The issuance of installment purchase revenue bond anticipation notes which are used to finance the renovation of the Halton Road facilities is also a key factor in this increase.

Greenville County, South Carolina
Management's Discussion and Analysis
June 30, 2022

Financial Analysis of Greenville County's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the County's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the County's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As described above, as of the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$142,262,633, an increase of almost 87 percent in comparison with the prior fiscal year. The increase is mainly due to the receipt of additional COVID relief funding from the federal government in the amount of \$50,000,000. Property tax revenues increased by approximately \$6,900,000 in the general fund. County office revenues related to fees and charges for services were also up \$4,673,873 due to increases in consumer spending. During fiscal year 2022, the County recorded \$16,544,108 in transfers out of the General Fund. Of this amount, \$3,958,895 was transferred to Debt Service Funds, \$131,281 was used as matching grant funds, \$1,977,720 was transferred to special revenue and \$10,476,212 was transferred to the health and dental fund.

As noted above, approximately 15 percent, or \$21,523,888, of the combined ending fund balance is unassigned and available for future spending. Approximately 53 percent, or \$75,542,304, is restricted for future debt service. Approximately \$7,500,000 is restricted for law enforcement, \$13,000,000 for parks, recreation and tourism and \$7,000,000 for infrastructure.

The General Fund is the chief operating fund of the County. At the end of the current fiscal year 2022, unassigned fund balance of the General Fund was \$68,973,688 out of total fund balance of \$72,802,675. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance and total fund balance each represent almost 34 percent and 36 percent, respectively, of total General Fund expenditures. Nonspendable fund balance consists of prepaid items of \$14,915 and long-term receivables of \$28,443. However, approximately 3 percent, or \$3,785,639 of the committed fund balance, or two percent of revenues, has been designated as a contingency to utilize during emergency situations in accordance with the County's current financial policies.

Total General Fund revenues increased from approximately \$172 million in 2021 to approximately \$189 million in 2022. General fund revenues and expenditures increased from the prior fiscal year. All revenue categories increased in the general fund in the current year. Intergovernmental revenues increased approximately 12 percent, county office revenues increased by approximately 11 percent, property taxes increased by approximately 6 percent and other revenues increased by over 100 percent.

General Fund expenditures increased from approximately \$178 million in 2021 to approximately \$203 million in 2022. This increase in expenditures is mainly attributable to an increase in salaries and wages in emergency medical services and law enforcement services.

The County received approximately \$7,500,000 in emergency rental assistance and \$50,000,000 in additional COVID pandemic relief.

The Greenville County Redevelopment Corporation is a blended component unit which had an ending fund deficit of (\$43,917,712) for 2022. The corporation was established to support construction and renovation activities of various County offices and court facilities. The County issued the third Installment Purchase Revenue Bond Anticipation Note and second Installment Purchase Revenue Bond in 2022.

The Capital Projects Fund had an ending fund balance of \$(3,166,848) for 2022 compared to \$(1,370,151) for 2021.

Greenville County, South Carolina
Management's Discussion and Analysis
June 30, 2022

Proprietary Funds

The County's proprietary fund statements provide the same type of information found in the government-wide statements but in more detail.

Enterprise Funds - Total net position (deficit) of the Solid Waste Fund is \$(15,962,861) for fiscal year 2021 compared to \$(16,290,118) for fiscal year 2022. *Unrestricted* net deficit of the Solid Waste Fund at the end of the current fiscal year amounted to \$(26,933,517), and \$10,643,399 of the total net position was net investment in capital assets. The decrease in net position for the Solid Waste Fund can mainly be contributed to an increase in the landfill closure/post-closure estimated liability.

Total net position of the Stormwater Fund is \$15,339,467 for fiscal year 2021 compared to \$17,092,292 for fiscal year 2022. *Unrestricted* net position of the Stormwater Fund at the end of the current fiscal year amounted to \$3,568,975, and \$13,523,317 of the total net position was net investment in capital assets. Most of the increase in the Stormwater Fund can be contributed to a decrease in net pension liability. The Parking Enterprise Fund reported net position of \$2,500,667 for fiscal year 2021 compared to \$2,405,164 for fiscal year 2022.

Internal Service Funds - The Internal Service Fund is presented in a separate column in the Statement of Fund Net Position of the Proprietary Funds. The Internal Service Fund reflects total net position of \$3,639,004 for fiscal year 2022 compared to \$(5,457,758) for fiscal year 2021. The increase in the net position is primarily due to a transfer in from the General Fund in the amount of \$10,476,212. The Health and Dental Fund reports a net position of \$148 for 2022 compared to \$(1,842,870) for 2021. The Workers' Compensation Fund reported net position of \$2,122,529 for fiscal year 2021 compared to \$2,005,890 for fiscal year 2022. Total net position of the Vehicle Service Center is \$1,492,359 for fiscal year 2022 compared to \$1,632,966 for fiscal year 2022. The Vehicle Service Center reports investment in capital assets of \$230,813 and *unrestricted* net position of \$1,402,153 for fiscal year 2022.

General Fund Budgetary Highlights

During the current fiscal year, total revenues were over the budget estimate by \$5,590,071. Property tax revenues were over budget by \$773,700, intergovernmental revenues were over budget estimates by \$3,437, county office revenues were over budget estimates by \$4,777,008 and other revenues were over budget by \$35,926. Expenditures were over budget estimates by \$1,110,257.

Capital Asset and Debt Administration

Capital Assets

The County's investment in capital assets for its governmental and business-type activities as of June 30, 2022, totals \$722,130,979 (net of accumulated depreciation). The investment in capital assets for its governmental and business-type activities as of June 30, 2021 was \$656,517,655 (net of accumulated depreciation). The County's capital assets include land, buildings, improvements, construction in progress, equipment, vehicles, infrastructure, right-of-way easements, software, and recreation equipment. Additions to the capital assets of the governmental activities are primarily related to the development of County Square, including the new office building. The capital assets of the business-type activities increased by \$216,263 in the current fiscal year due to the disposal of equipment.

Greenville County, South Carolina
Management's Discussion and Analysis
June 30, 2022

Long-term Debt

As of June 30, 2022, the County had a total principal amount of bonded debt outstanding of \$215,862,842. Of this amount, \$57,381,842 are general obligation bonds, which are backed by the full faith and credit of the County. Revenue bonds total \$158,481,000. Of this amount, \$61,100,000 are special source revenue bonds whose revenues are secured from various fee-in-lieu agreements.

**Greenville County's
Outstanding Long-Term Debt**

	Governmental Activities	
	2022	2021
General obligation bonds	\$ 57,381,842	\$ 63,741,220
Certificates of participation	-	24,155,000
Revenue bonds	158,481,000	42,807,000
Total	\$ 215,862,842	\$ 130,703,220

As described in the financial highlights section of this document, the County maintained its Aaa bond rating from Moody's Investor Service, AAA rating from Standard and Poor's Corporation and AAA rating from Fitch Ratings. These bond ratings are a clear indication of the sound financial condition of the County. This achievement is a primary factor in keeping interest costs low on the County's outstanding debt.

South Carolina statutes limit the amount of general obligation debt that a unit of government may issue (without referendum) to eight percent of the total assessed value of taxable property located within that government's boundaries. The County's debt limit and debt margin were \$215,918,000 and \$178,930,000 respectively, for the current fiscal year.

More detailed information on long-term debt activity can be found in note 7 (Long-Term Liabilities) of the Financial Statements.

Economic Factors

The unemployment rates for Greenville County and the State of South Carolina are 3.2 percent. This is slightly improved from prior year's unemployment rate of 3.9. The County continues to see other positive trends in the local economy and increases in various categories of fees and service revenue.

Fiscal Year 2023 General Fund Budget

The 2023 fiscal year budget for the County was prepared as part of the biennium budget process during fiscal year 2021. The budgeted revenues are projected to increase by approximately 2.56 percent and expenditures are projected to increase by 3.80 percent from fiscal year 2022. The budget does anticipate the use of the *unassigned* fund balance. The fiscal year 2023 budget requires no additional tax millage.

GREENVILLE COUNTY, SOUTH CAROLINA
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION

JUNE 30, 2022

Amounts reported for governmental activities in the Statement of Net Position are different because:

Total fund balances - governmental funds		\$ 142,262,633
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.		697,204,133
Revenues in the Statement of Activities that do not provide current financial resources are reported as unavailable revenues in the funds.		9,583,000
Equity investment in Augusta Grove, LLC		2,137,618
Deferred outflows of resources are not due and payable in the current period and, therefore, are not reported in the funds. These deferred outflows of resources consist of pension and OPEB related experience differences, assumption change, investment return, changes in proportionate share of contributions, and subsequent contributions.		66,855,347
Certain long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds.		
General obligation bonds	\$ (57,381,842)	
Lease payable	(2,247,574)	
Revenue bonds	(158,481,000)	
Unamortized premiums and discounts on bonds and certificates of participation	(22,255,235)	
Financed purchase obligations	(18,193,545)	
Unamortized deferred charges on refundings	4,267,016	
Compensated absences payable	(11,659,622)	
Total other postemployment benefits liability	(53,616,299)	
Net pension liability	<u>(176,509,333)</u>	
Total long-term liabilities		(496,077,434)
Deferred inflows of resources are not available to pay for current period expenditures and, therefore, are not reported in the funds. These deferred inflows of resources consist of pension and OPEB related experience differences, assumption change, investment return, changes in proportionate share of contributions, and subsequent contributions.		(69,004,757)
Internal service funds are used by management to charge the cost of fleet management and insurance to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the Statement of Net Position.		3,072,206
Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due.		<u>(1,873,582)</u>
Net position of governmental activities		<u><u>\$ 354,159,164</u></u>

The accompanying notes are an integral part of these financial statements.

GREENVILLE COUNTY, SOUTH CAROLINA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

Amounts reported for governmental activities in the Statement of Activities are different because:

Net change in fund balances - total governmental funds.	\$	66,215,334
<p>Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation or amortization expense. This is the amount by which capital outlays exceeded depreciation and amortization in the current period.</p>		
Capital outlay	\$ 81,098,707	
Amortization expense	(413,557)	
Depreciation expense	<u>(28,389,474)</u>	52,295,676
<p>The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to increase net position.</p>		
		15,279,779
<p>Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.</p>		
		2,535,000
<p>Change in value of equity investment.</p>		
		(250,127)
<p>The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.</p>		
Repayment of the principal of long-term debt	\$ 17,135,630	
Payments to refunded bond escrow agent	26,276,159	
Issuance of bonds, net of premium on bonds	(137,684,059)	
Issuance of financed purchase obligations	(7,000,000)	
Issuance of lease liabilities	(2,730,552)	
Amortization of premium/discount on long-term debt	1,131,529	
Amortization of the refunding deferral amount on the refunding bonds	<u>(680,606)</u>	(103,551,899)
<p>Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.</p>		
Pension liability, net of related deferred outflows and inflows of resources	\$ 12,460,406	
Compensated absences	(248,271)	
Accrued interest on long-term debt	(780,607)	
Other postemployment benefits liability, net of related deferred outflows and inflows of resources	<u>(4,619,585)</u>	6,811,943
<p>Internal service funds are used by management to charge the cost of fleet management and insurance to individual funds. The net revenue of certain activities of internal service funds is reported with governmental activities.</p>		
		<u>5,481,874</u>
Change in net position of governmental activities	\$	<u><u>44,817,580</u></u>

The accompanying notes are an integral part of these financial statements.

GREENVILLE COUNTY, SOUTH CAROLINA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The County of Greenville, South Carolina (the "County") was organized in 1786 and is governed by an elected twelve-member council. The County operates under a Council/Administrator form of government as provided in Title 14 of the 1962 Code of Laws of South Carolina as amended (Home Rule Act). As required by accounting principles generally accepted in the United States of America, these financial statements present the County and its component units, legally separate entities for which the County is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the government's operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government. Blended and discretely presented component units are described below.

The County is governed by a twelve-member Council, who serve on a part-time basis and are elected to staggered terms of four years. The Council appoints an Administrator who serves as a full-time administrative officer and is responsible for the daily operations of the County.

The financial statements have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the County's accounting policies are described below.

A. Reporting Entity

As required by generally accepted accounting principles, these financial statements present Greenville County, South Carolina and its component units. The component units discussed below are included in the County's reporting entity because of the significance of their operational or financial relationship with the County.

Discretely Presented Component Units

The **Greenville County Redevelopment Authority** (the "Authority"), a discretely presented component unit, was established in 1969 under the provisions of Act 516 of the South Carolina General Assembly. Its mission is to improve the quality of life for low and moderate-income citizens of the County through improved affordable housing. The Authority is also involved in redevelopment work, including public improvements to streets and rights of way throughout Greenville County. The Council appoints all board members, approves federal grant requests and is financially accountable for any deficits and as such the County imposes its will on the Authority. The Authority has a June 30 year-end. Separate financial statements for the Authority can be obtained from the Greenville County Administrative Office at 301 University Ridge, Greenville, South Carolina, 29601.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. Reporting Entity (Continued)

Discretely Presented Component Units (Continued)

The **Greenville County Library System** (the "Library") a discretely presented component unit, was created by County Council in 1979 and has a June 30 year-end. The Library is governed by an eleven member board appointed by the County Council. The debt of the Library is carried on the County's books, so exclusion of the Library would cause the financial statements for the County to be misleading. Separate financial statements for the Library can be obtained from the Greenville County Administrative Office at 301 University Ridge, Greenville, South Carolina, 29601.

The **Greenville Area Development Corporation** (the "Corporation") a discretely presented component unit, was organized in 2001, exclusively for promoting and enhancing the economic growth and development of the County. The Council appoints all board members, approves federal grant requests and is financially accountable for any deficits and as such the County imposes its will on the Corporation. The Corporation has a June 30 year-end. Separate financial statements for the Corporation can be obtained from the Greenville County Administrative Office at 301 University Ridge, Greenville, South Carolina, 29601.

Blended Component Units

The **Greenville County Public Facilities Corporation, Greenville County Tourism Public Facilities Corporation, Greenville County Business Park Public Facilities Corporation, University Ridge Public Facilities Corporation, and Greenville County Redevelopment Corporation** (incorporated as the County Square Redevelopment Corporation) (the "Corporations") are blended component units that were established in 1991, 2008, 2015, 2018, and 2020, respectively, for the purpose of holding title, owning, leasing, constructing, acquiring and operating land, buildings, equipment and facilities functionally related thereto and to perform any other lawful purpose related to the furtherance of the governmental powers of the County. These Corporations have a December 31 year-end and all of their financial transactions are processed through the County's financial system and are a part of the County's audit. They operate as departments of the County, exist for its benefit, and provide services entirely to the County. County Council appoints the board of directors of each Corporation, which consists of two Greenville County Council members and the Greenville County Administrator for all of the corporations noted previously with the exception of the Greenville County Redevelopment Corporation which is governed by a three-member board appointed by the County Council. Separate financial statements are not prepared for any of the Corporations.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the primary government and its component units. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments received from outside the County for participation in the health and dental program and for services of the vehicle service center. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The Statement of Activities presents a comparison between direct expenses and program revenues for the different business-type activities of the County and for each function of the County's governmental activities. *Direct expenses* are those that are clearly identifiable with a specific function or segment. Indirect expense allocations that have been made in the funds have been reversed for the Statement of Activities. *Program revenues* include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Basis of Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

Governmental fund financial statements are reported using the *current financial* resources measurement focus and the *modified accrual* basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Intergovernmental revenues and fees are not susceptible to accrual because generally they are not measurable until received in cash. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been satisfied. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures on general long-term debt, including lease liabilities, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there is both restricted and unrestricted net position available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

The County reports the following major governmental funds:

The **General Fund** is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The **COVID Relief Fund** is used to account for the proceeds directed to the County by the U.S. Department of the Treasury under the CARES Act and the American Rescue Plan.

The **Greenville County Redevelopment Corporation Fund** is used to account for the activities associated with the issuance of debt for the acquisition of the County Square administration facilities.

The **Revenue Bonds Fund** is used to account for principal and interest payments on the County's special source revenue bonds and recreation revenue bonds.

The **Capital Projects Fund** is used to accumulate funds that are set aside for use with specific projects that present a long-term capital investment or that may be related to a future capital expense.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

The County reports the following major business-type funds:

The **Solid Waste Fund** accounts for the operation, maintenance, and development of various landfills and disposal sites for the citizens on a cost-reimbursement basis.

The **Stormwater Fund** accounts for all stormwater related costs and is funded through a stormwater fee.

Additionally, the County reports the following fund types:

The **Special Revenue Funds** account for revenue sources that are legally restricted to expenditure for specific purposes.

The **Debt Service Funds** are used to account for the accumulation of resources that are restricted and assigned for the payment of principal and interest on long-term debt.

The **Custodial Funds** are used to account for the collection and disbursement of monies by the County on behalf of other governments and individuals, such as cash bonds, traffic fines, support payments, and property taxes.

The **Internal Service Funds** account for the services provided by one department or agency to other departments or agencies of the County on a cost-reimbursement basis. The County's Vehicle Service Fund, Workers' Compensation Fund, and Health and Dental Fund are reported as internal service funds.

Amounts reported as *program revenues* include: 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges to customers for sales and services provided. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Deposits and Investments

The deposits and investments of the County are invested pursuant to statutes established by the State of South Carolina. The statutes allow for the investment of money in the following investments:

- (a) Obligations of the United States and its agencies.
- (b) General obligations of the State of South Carolina or any of its political units.
- (c) Savings and loan association deposits to the extent they are insured by the Federal Deposit Insurance Corporation (FDIC).
- (d) Certificates of deposit which are collaterally secured by securities of the type described above held by a third party as escrow agent or custodian, or a market value not less than the amount of certificates of deposit so secured, including interest; provided however, such collateral shall not be required to the extent the same are insured by an agency of the federal government.
- (e) Collateralized repurchase agreements which are collateralized by securities as set forth in (a) and (b) above and held by the County, the Authority, or the Library or a third party as escrow agent or custodian.
- (f) South Carolina State Investment Pool established and maintained by the State Treasurer.

Finally, no load open-end or closed-end management type investment companies or investment trusts registered under the Investment Company Act of 1940, as amended, where the investment is made by a bank or trust company or savings and loan association or other financial institution when acting as trustee or agent for a bond or other debt issue of that local government unit, political subdivision, or county treasurer if the particular portfolio of the investment company or investment trust in which the investment is made by the County is limited to obligations of the United States, State of South Carolina, or repurchase agreements collateralized by the aforementioned country or state, and has among its objectives the attempt to maintain a constant net asset value of one dollar a share and to that end, value its assets by the amortized cost method. Investment purchases and sales are recorded as of the trade date. Dividend income is recognized on the ex-dividend date. Other investment income is recognized when earned. Investments are reported at fair value. Fair value is the amount reasonably expected to be received for an investment in a current sale between a willing buyer and a willing seller. Fixed income securities are generally valued based on published market prices and quotations from national security exchanges and securities pricing services. The South Carolina State Investment Pool shares are valued at fair value, and net appreciation (depreciation) is determined by calculating the change in the fair value of investments between the beginning of the year and the end of the year, less purchases of investments at cost, plus sales of investments at fair value. Investment expenses consist of external expenses directly related to the County's investment operations.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Cash and Cash Equivalents

The County considers investments and demand deposits, with maturities of three months or less at the time of purchase, to be cash and cash equivalents.

F. Restricted Resources

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, and then unrestricted resources as needed, but County Council reserves the right to selectively spend unrestricted resources first and to defer the use of the restricted funds.

G. Taxes Receivable

The County's property tax is levied each September (except automobiles which are annually assessed on the first day of the month the automobiles were registered) on the assessed value as of the prior December 31 for all real and personal property located in the County. Taxes are due in one payment on or before January 15. A three percent penalty is added on January 16. If taxes remain unpaid on February 2, a seven percent penalty is added to the total of taxes plus penalties. If taxes remain unpaid on the March 17 lien date, an additional five percent penalty is added to the total of taxes and penalties plus a \$15 delinquent execution charge. If taxes are not paid prior to the first Monday in November, the property will be sold, at public auction, for taxes due. The County bills and collects its own property taxes and also those for the County School District, seven municipalities and approximately thirty other special taxing authorities and activities which are accounted for in the Property Tax Custodial Fund.

H. Allowances for Doubtful Accounts

Management considers all accounts receivable to be fully collectible and accordingly no allowance for doubtful accounts is required. Property tax receivable represents delinquent and unpaid real and personal property taxes for the previous ten years less an allowance for amounts estimated to be uncollectible.

I. Investment in Augusta Grove, LLC

In September 2016, the County transferred the remaining acreage of undeveloped land in a business park known as "The Matrix" to the Greenville County Business Park Public Facilities Corporation (the "Corporation"). The park was renamed and rebranded as "Augusta Grove" and a new entity was created to own and manage it. The role of developer of the park and the Corporation's undeveloped land was transferred to Augusta Grove - Greenville, LLC in exchange for \$4 million and a forty percent ownership interest in the LLC. Augusta Grove - Greenville, LLC is a member managed limited liability company comprised of the Corporation, private investors and developers.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. Investment in Augusta Grove, LLC (Continued)

For the fiscal year ended June 30, 2022, the County reported an equity investment in the Augusta Grove - Greenville, LLC of \$2,222,631 at the government-wide level. This represents 40 percent of the total land value of \$5,344,047 recorded on the LLC. An equity investment of \$85,013 was recorded at the fund level.

J. Inventories and Prepaid Items

Inventories are valued at cost using the first in, first out (FIFO) method and consist of expendable supplies and vehicle repair parts. The cost of such inventories is recorded as expenditures/expenses when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements for the County. The County uses the consumption method when accounting for these prepaid items.

K. Capital Assets

Purchased or constructed capital assets and right to use leased assets are reported at cost or estimated historical cost. Minimum capitalization costs are \$7,500 for all asset categories except for infrastructure assets, which has a minimum of \$100,000 and intangible assets, which has a minimum of \$250,000. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Donated capital assets received prior to June 30, 2015, are recorded at their estimated fair market value at the date of donation. Donated capital assets received after June 30, 2015, are recorded at acquisition value at the date of donation.

Land, right-of-way easements, certain intangibles, and construction in progress are not depreciated. Other capital assets of the County are depreciated or amortized on a straight-line basis over the following estimated useful lives:

	Years
Buildings	20-50
Improvements	20-50
Infrastructure	50
Furniture and equipment	5-12
Recreation equipment	7-15
Right-to-use leased equipment	7-10
Right-to-use leased vehicles	7-10
Vehicles	4-8

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

L. Leases

Lessee

Greenville County is a lessee for noncancellable leases of land, equipment, and vehicles. The County recognizes a lease liability and an intangible right-to-use lease asset in the government-wide financial statements. The County recognizes lease liabilities with an initial, individual value of \$5,000 or more.

At the commencement of a lease, the County initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the County determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments:

- The County uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the County generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option prices that the County is reasonably certain to exercise.

The County monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term liabilities on the Statement of Net Position.

Lessor

Greenville County is a lessor for noncancellable leases of buildings. The County recognizes a lease receivable and deferred inflow of lease receipts in the Governmental Funds Balance Sheet and the government-wide financial statements. The County recognizes lease receivables with an initial, individual value of \$5,000 or more.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

L. Leases (Continued)

Lessor (Continued)

At the commencement of a lease, the City initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments related to leases include how the County determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments:

- The County uses the interest rate as the discount rate. When the interest rate is not provided, the County generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease receivable are composed of fixed payments and purchase option prices that the lessee is reasonably certain to exercise.

The County monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease receivable and deferred inflow if certain changes occur that are expected to significantly affect the amount of the lease receivable.

Deferred inflows of lease receipts are reported with other deferred inflows related to pension and other post-employment benefits and lease receivables are reported with current assets on the Statement of Net Position.

M. Short-term Interfund Receivables/Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances." Advances between funds, as reported in the fund financial statements, are offset by a fund balance nonspendable account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

N. Short-term Obligations

From time to time the County issues short-term obligations in the form of bond anticipation notes to finance the acquisition, construction, and installation of equipment relative to certain capital projects. Such short-term obligations are reported as fund liabilities in the County's governmental-type funds as the County's ability to consummate refinancing of the bond anticipation notes has not been demonstrated (1) through the of issuance long-term obligations issued for the purpose of refinancing the short-term obligations through June 30, 2022, and (2) a financing agreement that refinances the short-term obligations on a long-term basis had not been entered into as of June 30, 2022.

O. Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bond issuance costs are reported as expenses in the year the debt is issued.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued and premiums on the issue are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

P. Compensated Absences

It is the County's policy to vest unused annual leave with its employees up to a maximum number of hours and recognize compensated absences as expenses in the period earned rather than the period such benefit is paid. The balance of earned, vested compensated absences not taken at June 30, 2022, is reported for the governmental and business-type activities.

No accrual has been established for accumulated sick leave of employees since it is the County's policy to record the cost of sick leave only when it is used.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Q. Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position reports a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The County has five items that qualify for reporting in this category. The *deferred charge on refunding* is reported in the government-wide Statement of Net Position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded debt or the refunding debt. The other four (4) items relate to the County's pension and other postemployment benefits (OPEB) plans and are reported in the government-wide and proprietary fund Statements of Net Position under the headings "Pension" and "Other postemployment benefits". (1) Experience gains result from periodic studies by the County's actuary, which adjust the net pension liability and total OPEB liability for actual experience for certain trend information that was previously assumed, for example the assumed dates of retirement of plan members. These experience gains are recorded as deferred outflows of resources and are amortized into pension and OPEB expense over the expected remaining service lives of the plan members. (2) Changes in actuarial assumptions adjust the net pension liabilities and total OPEB liability and are amortized into pension and OPEB expense over the expected remaining service lives of plan members. (3) The changes in the County's proportionate share of the collective net pension liability and differences between actual employer contributions and proportionate share of the total plan employer contributions are specific to cost-sharing multiple employer defined benefit pension plans and represent the current period amortized portions of these deferred outflows. (4) Any contributions made by the County to the pension plan before year end but subsequent to the measurement date of the County's net pension liability are reported as deferred outflows of resources. Accordingly, any contributions made by the County to the OPEB plan before year end but subsequent to the measurement date of the County's total OPEB liability are reported as deferred outflows of resources.

In addition to liabilities, the Statement of Net Position and the Governmental Funds Balance Sheet report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net assets or fund balance that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has six (6) types of items that qualify for reporting in this category. (1) *Unavailable revenue* is reported only in the Governmental Funds Balance Sheet. The governmental funds report unavailable revenues from property taxes, and these amounts are deferred and will be recognized as an inflow of resources in the period in which the amounts become available. (2) *Deferred inflows from lease receipts* are reported in the Governmental Funds Balance Sheet as well as the government-wide Statement of Net Position. The County reports deferred inflows from lease receipts, and amortized into lease revenues over the remaining life of the lease.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Q. Deferred Outflows/Inflows of Resources (Continued)

The other four (4) items relate to the County's defined benefit pension plans and OPEB plan and are reported in the government-wide and proprietary fund Statements of Net Position, under the heading "Pension" and "Other postemployment benefits". (3) Experience differences result from periodic studies by the County's actuary, which adjust the net pension liability for actual experience for certain trend information that was previously assumed. These experience differences are recorded as deferred inflows of resources and are amortized into pension expense over the expected remaining service lives of plan members. (4) Changes in the actuarial assumptions which adjust the total OPEB liability are also recorded as deferred inflows of resources and are amortized into OPEB expense over the expected remaining service lives of plan members. (5) The differences between projected investment return on pension investments and actual return on those investments are deferred and amortized against pension expense over a five-year period. (6) The changes in the County's proportionate share of the collective net pension liability and differences between actual employer contributions and proportionate share of the total plan employer contributions are specific to cost-sharing multiple employer defined benefit pension plans and represent the current period amortized portions of these deferred inflows.

R. Fund Equity

Fund equity at the governmental fund financial reporting level is classified as "fund balance." Fund equity for all other reporting is classified as "net position."

Fund Balance – Generally, fund balance represents the difference between the assets and liabilities under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

- **Nonspendable** – Fund balances are reported as nonspendable when amounts cannot be spent because they are either: (a) not in spendable form (i.e., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.
- **Restricted** – Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.
- **Committed** – Amounts that are internally constrained by the County's highest level of decision-making authority, County Council. These amounts are committed by County Council ordinance to be used for specified purposes and remain binding unless removed by the same authority.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

R. Fund Equity (Continued)

- **Assigned** – Amounts that are constrained by the County's Administrator and/or Deputy County Administrator with the intent to be used for specified purposes. Authorization to assign fund balance is given to these individuals by County Council ordinance. The amounts are neither restricted nor committed.
- **Unassigned** – Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The County reports positive unassigned fund balance only in the General Fund. Negative unassigned fund balances may be reported in all funds.

Flow Assumptions – When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the County's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the County's policy to use fund balance in the following order: 1) committed, 2) assigned, and 3) unassigned.

Net Position – Net position represents the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources in reporting which utilizes the economic resources measurement focus. Net investment in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the County has spent) for the acquisition, construction or improvement of those assets. Net position is reported as restricted using the same definition as used for restricted fund balance as described in the section above. All other net position is reported as unrestricted.

The County applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

S. Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from these estimates.

T. Capital Contributions

The County received donations of land, rights-of-way, roads and bridges and other infrastructure from contractors and private donors. The County accounts for these contributions under GASB Statement No. 33, *Accounting and Financial Reporting for Non-exchange Transactions (GASB 33)*.

NOTES TO FINANCIAL STATEMENTS

NOTE 2. LEGAL COMPLIANCE – BUDGETS

A. Budgets and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

The County's biennium budget provides the financial framework for the programs and services that the government will be undertaking over the next two years. Approximately 60 days prior to June 30, the County Administrator submits to County Council a proposed detailed, line-item operating budget for the General Fund, Special Revenue Funds (COVID Relief, Local Accommodations Tax, State Accommodations Tax, E-911, Interoperable Communications, Infrastructure Bank, Charity Hospitalization, Hospitality Tax, Road Maintenance Program, Victim's Bill of Rights, and Parks, Recreation & Tourism), and the Capital Project Fund and Debt Service Funds (General Obligation Bonds, Certificates of Participation, Revenue Bonds, and Capital Leases) for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them by function and activity. A public hearing is conducted to obtain citizen comments on the proposed budget, which is later legally adopted through passage of an appropriation ordinance by County Council. The legal level of budgetary control is at the department level. The County Administrator is authorized to transfer budgeted amounts within a department, except for the purchase of non-budgeted equipment and hiring of personnel. County Council must approve any revisions which alter the total expenditures of any department.

The County prepares its Fund budgets on a basis of accounting that differs from accounting principles generally accepted in the United States. The actual results of operations are presented in the Statement of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual (Budget Basis) for the General Fund and COVID Relief Fund on the budgetary basis to provide a meaningful comparison of actual results with the budget. The difference between budgetary basis of accounting for the funds and GAAP is that encumbrances are recorded as the equivalent of expenditures (budget) as opposed to a reservation of fund balance (GAAP).

The County disallows the carryforward of open purchase orders for the General Fund and Parks, Recreation and Tourism Fund operating accounts.

Adjustments necessary to convert the results of operations from the GAAP basis of accounting to the budgetary basis of accounting are as follows. The COVID Relief Fund reports a budget to GAAP basis adjustment representing encumbrances of (\$233,559).

NOTES TO FINANCIAL STATEMENTS

NOTE 2. LEGAL COMPLIANCE – BUDGETS (CONTINUED)

B. Excess Expenditures Over Appropriations

For the year ended June 30, 2022, the following funds had excess of actual expenditures over appropriations, which were funded by available fund balance:

	Excess		Excess
General Fund		Capital Projects Fund	
Boards, commissions & others	\$ 1,730,574	Community development and planning	\$ 8,887,064
Capital outlay	183,537	Parks, recreation & tourism	121,860
Debt service	174,592		
		Revenue Bonds Fund	
COVID Relief Fund		Debt Service - principal	2,900,000
General Services	9,641,086	Debt Service - interest	2,355,631
		Debt Service - bond issuance costs	1,072,219
Charity Hospitalization Fund		General Obligation Bonds Fund	
Public Safety	475,783	Debt Service - fiscal agent fees	6,226
Hospitality Tax Fund		Certificates of Participation Fund	
Boards, Commissions and Other	140,158	Debt Service - fiscal agent fees	56,048
Local Accommodations Tax Fund		Capital Leases Fund	
Boards, Commissions and Other	254,158	Debt Service - fiscal agent fees	779
Victim's Bill of Rights Fund		Road Maintenance Program Fund	
Judicial Services	60,599	Community development and planning	911,256
E911 Fund		Parks, Recreation and Tourism Fund	
Debt service - principal	34,061	Debt service - principal	144,387

C. Deficit Fund Equity

For the year ended June 30, 2022, the COVID Relief Fund, Greenville County Redevelopment Corporation Fund, Capital Projects Fund, Solid Waste Fund and the Victim's Bill of Rights Fund reported deficit fund balances of \$360,830, \$43,917,712, \$3,166,848, \$16,290,118, and \$4,410, respectively. These deficits will be eliminated through transfers from other funds, from other future revenues, and, specifically for the Greenville County Redevelopment Corporation Fund, the expected issuance and refunding of the outstanding bond anticipation notes with installment purchase revenue refunding bonds in fiscal year 2023.

NOTES TO FINANCIAL STATEMENTS

NOTE 3. CASH, CASH EQUIVALENTS, AND INVESTMENTS

Total cash, cash equivalents, and investments as of June 30, 2022, are summarized as follows:

Amounts as presented on the entity-wide Statement of Net Position:

Cash and cash equivalents	\$ 94,312,673
Restricted cash and cash equivalents	91,585,163
Investments	66,655,209
Restricted investments	909,154

Amounts as presented on the Statement of Fiduciary Net Position:

Cash and cash equivalents - Custodial Funds	50,162,402
Investments - Custodial Funds	55,122,794
Total	\$ 358,747,395

Cash and cash equivalents deposited with financial institutions	\$ 165,337,816
Investments held at financial institutions	122,687,157
Investments held by the State of South Carolina	70,722,422
	\$ 358,747,395

As of June 30, 2022, the County held the following investments:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Investment Maturities (in Years)</u>		<u>Rating</u>
		<u>Less than 1</u>	<u>1 - 5</u>	
S.C. Local Government Investment Pool	\$ 70,722,422	\$ 70,722,422	\$ -	NR
Certificates of deposit	20,665,286	11,535,089	9,130,197	NR
U.S. Government Treasuries	55,984,204	8,444,922	47,539,282	AAA
U.S. Government Agencies	45,315,596	7,378,914	37,936,682	AAA
Municipal Debt Securities	722,071	-	722,071	AA
Money market funds	91,585,163	91,585,163	-	NR
Total fair value	\$ 284,994,742	\$ 189,666,510	\$ 95,328,232	

NOTES TO FINANCIAL STATEMENTS

NOTE 3. CASH, CASH EQUIVALENTS, AND INVESTMENTS (CONTINUED)

Credit Risk. This is the risk that an issuer of an investment will not fulfill its obligations to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The County's policy is to invest in only those securities allowed by state statutes and that are highly rated. The money market funds and the certificates of deposit were not rated by Standard & Poor's or Moody Investor Services. The South Carolina Local Government Investment Pool (LGIP) is not rated, but generally, investments in this pool are collateralized by debt securities in corporate obligations, state or political subdivision obligations of investment grade or higher quality and in federal agency securities. The primary objective of the County's investment activities is the preservation of capital and the protection of investment principal by mitigating credit risk. These policies state that credit risk will be mitigated by (a) limiting investments to the safest types of securities, (b) diversifying the investment portfolio in order to minimize losses on individual securities, and (c) doing business with a selected few financial institutions, brokers and dealers.

Interest Rate Risk. This is the risk that the fair value of securities in the portfolio will fall due to changes in the market interest rates. As a means of limiting its exposure to fair value losses arising from rising interest rates, the County's investment policies allow for building the investment portfolio so that securities mature to meet ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity. Risk is also minimized by investing in shorter-term securities, generally with maturities of less than five years.

Fair Value Measurements. The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. The County has the following recurring fair value measurements as of June 30, 2022:

Investment	Level 1	Level 2	Level 3	Fair Value
U.S. Government Treasuries	\$ 55,984,204	\$ -	\$ -	\$ 55,984,204
U.S. Government Agencies	5,130,838	40,184,758	-	45,315,596
Municipal Debt Securities	-	722,071	-	722,071
	<u> </u>	<u> </u>	<u> </u>	<u> </u>
Total investments measured at fair value	<u>\$ 61,115,042</u>	<u>\$ 40,906,829</u>	<u>\$ -</u>	102,021,871
Investments not subject to level disclosure:				
S.C. Local Government Investment Pool				70,722,422
Money market funds				91,585,163
Certificates of deposit				20,665,286
Total investments				<u>\$ 284,994,742</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 3. CASH, CASH EQUIVALENTS, AND INVESTMENTS (CONTINUED)

Fair Value Measurements (Continued). The County's investment in US Government Treasury and Agency securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those investments. The investments in US Government Agency and municipal debt securities classified as Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices. The County has no investments classified in Level 3 of the fair value hierarchy. The LGIP is an investment pool, which does not meet the criteria of GASB Statement No. 79 and is thus valued at fair value in accordance with GASB Statement No. 31. As a result, the County does not disclose investment in the LGIP within the fair value hierarchy. The County's investments in certificates of deposit and money market funds are valued at amortized cost, which approximates fair value. As a result, the County's certificates of deposit and money market funds are not disclosed within the fair value hierarchy.

Concentration of Credit Risk. This is the risk of loss attributable to the magnitude of the County's investment in a single issuer. The County's policy is to minimize the concentration of credit risk by diversifying the investment portfolio so that the impact of potential losses from any one type of security or issuer will be minimized, although there is no formal limit on the amount the County may invest in any one issuer.

Custodial Credit Risk. For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty, the County will not be able to recover the value of its investment or collateral that is in the possession of an outside party. The County's deposits and investments, with the exception of treasury bills, are fully collateralized by securities that are either in the County's name or held by their agent in the County's name. The County follows Section 6-5-15, South Carolina Code of Law, 1976 (as amended) as its policy for custodial credit risk which states that to the extent that these deposits exceed the amount of insurance coverage provided by the FDIC, the bank or savings and loan association at the time of deposit must: (1) furnish an indemnity bond in a responsible surety company authorized to do business in this State; or (2) pledge as collateral: (a) obligations of the United States; (b) obligations fully guaranteed both as to principal and interest by the United States; (c) general obligations of this State or any political subdivision of this State; or (d) obligations of the Federal National Mortgage Association, the Federal Home Loan Bank, Federal Farm Credit Bank, or the Federal Home Loan Mortgage Corporation, in which the local entity is named as beneficiary and the letter of credit otherwise meets the criteria established and prescribed by the local entity. As of June 30, 2022, the carrying amount of the County's deposits was \$165,337,816 and the bank balance was \$155,232,237. All of the County's deposits at year-end were covered by federal depository insurance or by collateral held in the pledging financial institutions' trust departments in the County's name.

NOTES TO FINANCIAL STATEMENTS

NOTE 4. RECEIVABLES

Receivables consisted of the following at June 30, 2022:

	<u>General</u>	<u>COVID Relief</u>	<u>Capital Projects</u>	<u>Nonmajor Governmental Funds</u>
Receivables:				
Taxes	\$ 5,669,142	\$ -	\$ -	\$ 6,482,448
Other	1,668,485	50,432	4,103	913,389
Due from other governments	5,014,119	50,845,948	-	6,294,920

NOTE 7. LONG-TERM LIABILITIES (CONTINUED)

Governmental Activities

Special Source Revenue Bonds

The special source revenue bonds outstanding as of June 30, 2022, are as follows:

	Interest Rate	Balance at June 30, 2022
Special Source Revenue Refunding Bonds, Series 2012 (10)	2.53%	\$ 1,100,000
Special Source Revenue Refunding Bonds, Series 2021A (17)	1.52%	23,410,000
Special Source Revenue Bonds, Series 2021B (18)	2.20%	4,370,000
Special Source Revenue Bonds, Series 2021 (19)	3.00% to 5.00%	60,000,000
Add: Unamortized premiums		10,078,434
		\$ 98,958,434

SSRB 10

In January 2012, the County issued \$7,835,000 Series 2012, Special Source Revenue Refunding Bonds, interest at 2.53%. Proceeds of the Series 2012 bonds were used to advance refund a portion of the Series 2003, Special Source Revenue Bonds. The reacquisition price exceeded the net carrying amount of the old debt by \$306,612. This amount is being amortized over the life of the new debt. The refunding resulted in an economic gain of \$481,824. The interest rate of the Series 2012 refunding bonds are 2.53%. Interest on the Series 2012 Bonds is payable initially on October 1, 2012, and semi-annually on each April 1 and October 1 thereafter until maturity or early redemption.

SSRB 17/18

In October 2021, the County issued \$26,160,000 Series 2021A, Special Source Revenue Refunding Bonds, interest at 1.52%. Proceeds of the Series 2021A bonds were used to advance refund a portion of the Series 2014 and 2016, Hospitality Tax Certificates of Participation. The reacquisition price exceeded the net carrying amount of the old debt by \$3,921,346. This amount is being amortized over the life of the new debt. The refunding resulted in an economic gain of \$2,954,571. The interest rate of the Series 2021A refunding bonds are 1.52%. Interest on the Series 2021A Bonds is payable initially on April 1, 2022, and semi-annually on each April 1 and October 1 thereafter until maturity or early redemption.

The County also issued \$4,520,000 Series 2021B, Special Source Revenue Bonds. They have annual principal installments and semi-annual interest payments. The interest rate of the Series 2021B refunding bonds is 2.20%. The proceeds of this issue were used to defray the costs of financing the hospitality tax project and paying certain costs of issuance related thereto.

At June 30, 2022, the County was permitted by the South Carolina Constitution to incur general obligation bonded indebtedness in an amount not exceeding 8% of the assessed value of all taxable property of the County. At June 30, 2022, the County was within the limits of this requirement. (Refer to the statistical section.)

The County also serves as guarantor for various bonds issued by the County on behalf of special taxing fire districts. Please refer to the direct and overlapping governmental activities debt schedule in the statistical section for detailed information.

Conduit Debt/Industrial Revenue Bonds

The County issues limited-obligation revenue bonds (Industrial Revenue Bonds) to private sector entities for the purpose of providing financing assistance for acquisitions and construction of industrial and/or commercial facilities. The County only extends Industrial Revenue Bonds to private sector entities that are public interest driven. Under no circumstances would the County, the State, or any subdivision be obligated to repay the bonds. All Industrial Revenue Bonds are omitted from the accompanying financial statements. As of June 30, 2022, there were 32 Industrial Revenue Bonds outstanding, with an estimated principal balance of \$1,699,075,682.

Governmental Activities (Continued)

Financed Purchases

The County's financed purchases payable are a culmination of various contracts with a broad range for machinery and equipment. In 1997, the County adopted a Master Lease Agreement. A total of twenty-six (26) contracts have been issued under the Master Lease Agreement, twenty-five (25) of which were for the acquisition of vehicles and heavy equipment. Of the twenty-six (26) issues, five (5) remain outstanding. Additionally, the Greenville County Department of Parks, Recreation & Tourism has a total of one outstanding lease which was used for equipment financings and real estate financings. The following is an analysis of assets under financed purchases as of June 30, 2022:

	Governmental Activities
Equipment	\$ 41,533,016
Less: Accumulated depreciation	(28,738,586)
	\$ 12,794,430

The following is a schedule of the future minimum payments under these financed purchases, and the present value of the net minimum payments as of June 30, 2022:

	Governmental Activities
Fiscal year ending June 30,	
2023	\$ 4,760,145
2024	4,095,323
2025	3,312,321
2026	2,452,631
2027	1,807,785
2028-2031	2,481,947
Total minimum payments	18,910,152
Less amount representing interest	(716,607)
Present value of future minimum payments	\$ 18,193,545

Leases

In February 2019, the County entered into a five-year lease agreement as lessee for the acquisition and use of office equipment for the Sheriff's Office. An initial lease liability was recorded in the amount of \$10,653. As of June 30, 2022, the value of the lease liability was \$3,657. The County is required to make monthly principal and interest payments in the amount of \$187. The lease has an interest rate of 2%. The equipment has a ten-year estimated useful life and the value of the right-to-use asset as of the end of the current fiscal year was \$10,653 and had accumulated amortization of \$7,114.

Closure and Post-closure Care Costs – Solid Waste Landfills

On October 9, 1991, Federal regulations issued by the Environmental Protection Agency (EPA) placed specific requirements pertaining to the closing of municipal solid waste landfills as well as post-closure maintenance for a period of thirty years after closure. The \$25.1 million liability reported as landfill closure and post-closure represents total costs to date, as of June 30, 2022. Actual cost for closure and post-closure care may vary due to inflation, developments in technology, or changes in laws and regulations. The liability recognized in the current fiscal year for the Twin Chimneys landfills is based on landfill capacity used to date. The following table shows the landfills, which the County owns, and the remaining number of years, out of thirty, each has to be maintained in accordance with the 1991 EPA ruling.

<u>Landfill</u>	<u>Post-closure Years Remaining</u>	<u>Percent Used</u>	<u>Open/Close Year</u>	<u>Closure/ Post-closure Cost</u>
Enoree Phase I	16	100%	2007	\$ 1,014,400

Twin Chimneys C&D	30	26%	2007	2,136,821
				<u>\$ 25,078,595</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 8. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

The composition of interfund balances as of June 30, 2022, is as follows:

Receivable Fund	Payable Fund	Amount
General	Revenue Bonds Fund	\$ 2,972,960
General	Nonmajor Governmental Funds	2,123,737
General	Greenville County Redevelopment Corporation	10,962,139
		\$ 16,058,836

These balances resulted from the time lag between the dates that: (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. Advances to/from other funds represent amounts not expected to be repaid within one year from the date of the financial statements.

The composition of interfund transfers during the year ended June 30, 2022, were as follows:

Transfer To	Transfer From								Total
	General	COVID Relief	Greenville Co. Redevelopment Corporation	Revenue Bonds	Capital Projects	Solid Waste	Nonmajor Governmental Funds	Internal Service Funds	
General	\$ -	\$ 41,245,916	\$ -	\$ -	\$ -	\$ -	\$ 12,436,218	\$ 2,000,000	\$ 55,682,134
Capital Projects	-	-	59,891,184	5,684,941	-	-	5,169,487	-	70,745,612
Greenville County Redevelopment Corp.	-	-	-	1,678,900	-	-	-	-	1,678,900
Revenue Bonds	-	-	-	-	-	-	2,064,889	-	2,064,889
Nonmajor Governmental Funds	6,067,896	-	-	-	1,198,023	591,150	10,583,417	-	18,440,486
Internal Service Funds	10,476,212	-	-	-	-	-	-	-	10,476,212
Total	\$ 16,544,108	\$ 41,245,916	\$ 59,891,184	\$ 7,363,841	\$ 1,198,023	\$ 591,150	\$ 30,254,011	\$ 2,000,000	\$ 159,088,233

Transfers are used to: (1) move revenues from the fund that statute or budget requires to collect them to the fund that the statute or budget requires to expend them, (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

During fiscal year 2022, the County transferred \$41 million from the COVID Relief Fund to the General Fund. These funds served to replace revenue lost during the COVID-19 pandemic. The County also transferred funds requisitioned from bond proceeds to the Capital Projects Fund to cover expenditures related to the new county office building and parking structure. The Greenville County Redevelopment Corporation and the Revenue Bonds Fund transferred \$59 million and \$5.6 million to the Capital Projects Fund, respectively. The majority of the other transfers were established by the budget ordinance.

NOTES TO FINANCIAL STATEMENTS

NOTE 9. PENSION PLANS

Overview

The South Carolina Public Employee Benefit Authority (PEBA), created July 1, 2012, is the state agency responsible for the administration and management of the various Retirement Systems and retirement programs of the state of South Carolina, including the State Optional Retirement Program and the S.C. Deferred Compensation Program, as well as the state's employee insurance programs. As such, PEBA is responsible for administering the South Carolina Retirement Systems' five defined benefit pension plans. PEBA has an 11-member Board of Directors, appointed by the Governor and General Assembly leadership, which serves as custodian, co-trustee and co-fiduciary of the Systems and the assets of the retirement trust funds. The Retirement System Investment Commission (Commission as the governing body, RSIC as the agency), created by the General Assembly in 2005, has exclusive authority to invest and manage the retirement trust funds' assets. The Commission, an eight-member board, serves as co-trustee and co-fiduciary for the assets of the retirement trust funds. By law, the State Fiscal Accountability Authority (SFAA), which consists of five elected officials, also reviews certain PEBA Board decisions regarding the actuary of the Systems. For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Systems and additions to/deductions from the Systems fiduciary net position have been determined on the accrual basis of accounting as they are reported by the Systems in accordance with generally accepted accounting principles (GAAP).

For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Benefit and refund expenses are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value. PEBA issues an Annual Comprehensive Financial Report (ACFR) containing financial statements and required supplementary information for the South Carolina Retirement System's Pension Trust Funds. The ACFR is publicly available through the Retirement Benefits' link on PEBA's website at www.peba.sc.gov, or a copy may be obtained by submitting a request to PEBA, 202 Arbor Lake Drive, Columbia, SC 29223. PEBA is considered a division of the primary government of the state of South Carolina and therefore, retirement trust fund financial information is also included in the ACFR of the state.

Plan Description

The South Carolina Retirement System (SCRS), a cost-sharing multiple-employer defined benefit pension plan, was established July 1, 1945, pursuant to the provisions of Section 9-1-20 of the South Carolina Code of Laws for the purpose of providing retirement and other benefits for teachers and employees of the state and its political subdivisions. SCRS covers employees of state agencies, public school districts, higher education institutions, other participating local subdivisions of government and individuals newly elected to the South Carolina General Assembly at or after the 2012 general election.

NOTES TO FINANCIAL STATEMENTS

NOTE 9. PENSION PLANS (CONTINUED)

Plan Description (Continued)

The South Carolina Police Officers Retirement System (PORS), a cost-sharing multiple-employer defined benefit pension plan, was established July 1, 1962, pursuant to the provisions of Section 9-11-20 of the South Carolina Code of Laws for the purpose of providing retirement and other benefits to police officers and firefighters. PORS also covers peace officers, coroners, probate judges and magistrates.

Membership

Membership requirements are prescribed in Title 9 of the South Carolina Code of Laws. A brief summary of the requirements under each system is presented below.

SCRS - Generally, all employees of covered employers are required to participate in and contribute to the system as a condition of employment. This plan covers general employees and teachers and individuals newly elected to the South Carolina General Assembly beginning with the November 2012 general election. An employee member of the system with an effective date of membership prior to July 1, 2012, is a Class Two member. An employee member of the system with an effective date of membership on or after July 1, 2012, is a Class Three member.

PORS - To be eligible for PORS membership, an employee must be required by the terms of his employment, by election or appointment, to preserve public order, protect life and property, and detect crimes in the state; to prevent and control property destruction by fire; be a coroner in a full-time permanent position; or be a peace officer employed by the Department of Corrections, the Department of Juvenile Justice, or the Department of Mental Health. Probate judges and coroners may elect membership in PORS. Magistrates are required to participate in PORS for service as a magistrate. PORS members, other than magistrates and probate judges, must also earn at least \$2,000 per year and devote at least 1,600 hours per year to this work, unless exempted by statute. An employee member of the system with an effective date of membership prior to July 1, 2012, is a Class Two member. An employee member of the system with an effective date of membership on or after July 1, 2012, is a Class Three member.

Benefits

Benefit terms are prescribed in Title 9 of the South Carolina Code of Laws. PEBA does not have the authority to establish or amend benefit terms without a legislative change in the code of laws. Key elements of the benefit calculation include the benefit multiplier, years of service, and average final compensation/current annual salary. A brief summary of the benefit terms for each system is presented on the following page.

NOTES TO FINANCIAL STATEMENTS

NOTE 9. PENSION PLANS (CONTINUED)

Benefits (Continued)

SCRS - A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 65 or with 28 years credited service regardless of age. A member may elect early retirement with reduced pension benefits payable at age 55 with 25 years of service credit. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension upon satisfying the Rule of 90 requirement that the total of the member's age and the member's creditable service equals at least 90 years. Both Class Two and Class Three members are eligible to receive a reduced deferred annuity at age 60 if they satisfy the five- or eight-year earned service requirement, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program. The annual retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of one percent or five hundred dollars every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase. Members who retire under the early retirement provisions at age 55 with 25 years of service are not eligible for the benefit adjustment until the second July 1 after reaching age 60 or the second July 1 after the date they would have had 28 years of service credit had they not retired.

PORS - A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 55 or with 25 years of service regardless of age. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension at age 55 or with 27 years of service regardless of age. Both Class Two and Class Three members are eligible to receive a deferred annuity at age 55 with five or eight years of earned service, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program. Accidental death benefits are also provided upon the death of an active member working for a covered employer whose death was a natural and proximate result of an injury incurred while in the performance of duty. The retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of one percent or five hundred dollars every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase.

Contributions

Actuarial valuations are performed annually by an external consulting actuary to ensure applicable contribution rates satisfy the funding parameters specified in Title 9 of the South Carolina Code of Laws. Under these provisions, SCRS and PORS contribution requirements must be sufficient to maintain an amortization period for the financing of the unfunded actuarial accrued liability (UAAL) over a period that does not exceed the number of years scheduled in state statute. Legislation in 2017 increased, but also established a ceiling for SCRS and PORS employee contribution rates. Effective July 1, 2017, employee rates were increased to a capped rate of 9.00 percent for SCRS and 9.75 percent for PORS. The legislation also increased employer contribution rates beginning July 1, 2017, for both SCRS and PORS by two percentage points and further scheduled employer contribution rates to increase by a minimum of one percentage point each year in accordance with state statute. However, the General Assembly postponed the one percent increase in the SCRS and PORS employer contribution rates that was scheduled to go into effect beginning July 1, 2020.

NOTES TO FINANCIAL STATEMENTS

NOTE 9. PENSION PLANS (CONTINUED)

Contributions (Continued)

If the scheduled contributions are not sufficient to meet the funding periods set in state statute, the Board shall increase the employer contribution rates as necessary to meet the funding periods set for the applicable year. The maximum funding period of SCRS and PORS is scheduled to be reduced over a ten-year schedule from 30 years beginning fiscal year 2018 to 20 years by fiscal year 2028.

Additionally, the Board is prohibited from decreasing the SCRS and PORS contribution rates until the funded ratio is at least 85 percent. If the most recent annual actuarial valuation of the Systems for funding purposes shows a ratio of the actuarial value of system assets to the actuarial accrued liability of the system (the funded ratio) that is equal to or greater than 85 percent, then the Board, effective on the following July 1, may decrease the then current contribution rates upon making a finding that the decrease will not result in a funded ratio of less than 85 percent. If contribution rates are decreased pursuant to this provision, and the most recent annual actuarial valuation of the system shows a funded ratio of less than 85 percent, then effective on the following July 1, and annually thereafter as necessary, the Board shall increase the then current contribution rates until a subsequent annual actuarial valuation of the system shows a funded ratio that is equal to or greater than 85 percent. For the year ended June 30, 2022, the County contributed \$12,737,328 to the SCRS plan and \$10,614,004 to the PORS plan.

Required employee contribution rates for the year ended June 30, 2022, are as follows:

South Carolina Retirement System

Employee Class Two	9.00% of earnable compensation
Employee Class Three	9.00% of earnable compensation

South Carolina Police Officers Retirement System

Employee Class Two	9.75% of earnable compensation
Employee Class Three	9.75% of earnable compensation

Required employer contribution rates for the year ended June 30, 2022, are as follows:

South Carolina Retirement System

Employee Class Two	16.41% of earnable compensation
Employee Class Three	16.41% of earnable compensation
Employer incidental death benefit	0.15% of earnable compensation

South Carolina Police Officers Retirement System

Employee Class Two	18.84% of earnable compensation
Employee Class Three	18.84% of earnable compensation
Employer incidental death benefit	0.20% of earnable compensation
Employer accidental death program	0.20% of earnable compensation

NOTES TO FINANCIAL STATEMENTS

NOTE 9. PENSION PLANS (CONTINUED)

Net Pension Liability

The June 30, 2021, (the measurement date) total pension liability, net pension liability, and sensitivity information were determined by the consulting actuary, Gabriel, Roeder, Smith and Company (GRS) and are based on the July 1, 2020, actuarial valuations, as adopted by the PEBA Board and Budget and Control Board, which utilized membership data as of July 1, 2020. The total pension liability was rolled-forward from the valuation date to the plan's fiscal year ended June 30, 2021, using generally accepted actuarial principles. Information included in the following schedules is based on the certification provided by GRS. The net pension liability is calculated separately for each system and represents that particular system's total pension liability determined in accordance with GASB No. 67, less that system's fiduciary net position. As of June 30, 2022, (measurement date of June 30, 2021), the net pension liability amounts for the County's proportionate share of the collective net pension liabilities associated with the SCRS and PORS plans are as follows:

<u>System</u>	<u>Total Pension Liability</u>	<u>Plan Fiduciary Net Position</u>	<u>Employer's Net Pension Liability</u>	<u>Plan Fiduciary Net Position as a Percentage of the Total Pension Liability</u>	<u>County's Proportionate Share of the Collective Net Pension Liability</u>
SCRS	\$ 286,732,177	\$ 174,178,743	\$ 112,553,434	60.7%	0.520087%
PORS	\$ 233,841,697	\$ 164,563,260	\$ 69,278,437	70.4%	2.692606%

Actuarial Assumptions and Methods

Actuarial valuations of the plan involve estimates of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and future salary increases. Amounts determined regarding the net pension liability are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. South Carolina state statute requires that an actuarial experience study be completed at least once in each five-year period. An experience report on the Systems was most recently issued for the period ending June 30, 2019.

The June 30, 2021, total pension liability (TPL), net pension liability (NPL), and sensitivity information shows in this report were determined by the consulting actuary, Gabriel Roeder Smith & Company (GRS) and are based on an actuarial valuation performed as of July 1, 2020. The total pension liability was rolled-forward from the valuation date to the plans' fiscal year end, June 30, 2021, using generally accepted actuarial principles. There was no legislation enacted during the 2021 legislative session that had a material change in the benefit provisions for any of the systems. In FY 2021, the Board adopted the updated demographic assumptions. Also, the General Assembly permitted the investment return assumption at July 1, 2021 to decrease from 7.25% to 7.00%, as provided by Section 9-16-335 in South Carolina State Code.

NOTES TO FINANCIAL STATEMENTS

NOTE 9. PENSION PLANS (CONTINUED)

Actuarial Assumptions and Methods (Continued)

The following table provides a summary of the actuarial assumptions and methods used to calculate the TPL as of June 30, 2021.

	SCRS	PORS
Actuarial cost method	Entry Age Normal	Entry Age Normal
Actuarial assumptions:		
Investment rate of return	7.00%	7.00%
Projected salary increases	3.0% to 11.0% (varies by service)	3.5% to 10.5% (varies by service)
Includes inflation at	2.25%	2.25%
Benefit adjustments	lesser of 1% or \$500 annually	lesser of 1% or \$500 annually

The post-retiree mortality assumption is dependent upon the member's job category and gender. The base mortality assumptions, the 2020 Public Retirees of South Carolina Mortality table (2020 PRSC), was developed using the Systems' mortality experience. These base rates are adjusted for future improvement in mortality using 80% of Scale UMP projected from the year 2020.

Former Job Class	Males	Females
General Employees and Members of the General Assembly	2020 PRSC Males multiplied by 97%	2020 PRSC Females multiplied by 107%
Public Safety and Firefighters	2020 PRSC Males multiplied by 127%	2020 PRSC Females multiplied by 107%

The long-term expected rate of return on pension plan investments is based upon 20-year capital market assumptions. The long-term expected rates of return represent assumptions developed using an arithmetic building block approach primarily based on consensus expectations and market-based inputs. Expected returns are net of investment fees.

The expected returns, along with the expected inflation rate, form the basis for the target asset allocation adopted at the beginning of the 2021 fiscal year. The long-term expected rate of return is produced by weighting the expected future real rates of return by the target allocation percentage and adding expected inflation and is summarized in the table on the following page. For actuarial purposes, the 7 percent assumed annual investment rate of return used in the calculation of the TPL includes a 4.75 percent real rate of return and a 2.25 percent inflation component.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the table on the following page.

NOTES TO FINANCIAL STATEMENTS

NOTE 9. PENSION PLANS (CONTINUED)

Actuarial Assumptions and Methods (Continued)

<u>Allocation/Exposure</u>	<u>Policy Target</u>	<u>Expected Arithmetic Real Rate of Return</u>	<u>Long-term Expected Portfolio Real Rate of Return</u>
Public equity	46.0%	6.87%	3.16%
Bonds	26.0%	0.27%	0.07%
Private equity	9.0%	9.68%	0.87%
Private debt	7.0%	5.47%	0.39%
Real assets	12.0%		
Real Estate	9.0%	6.01%	0.54%
Infrastructure	3.0%	5.08%	0.15%
	<u>100%</u>		
		Total expected real return	5.18%
		Inflation for actuarial purposes	2.25%
		Total expected nominal return	<u><u>7.43%</u></u>

Discount Rate

The discount rate used to measure the TPL was 7 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers in SCRS and PORS will be made based on the actuarially determined rates based on provisions in the South Carolina Code of Laws. Based on those assumptions, the System's fiduciary net position was projected to be available to make all the projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL.

NOTES TO FINANCIAL STATEMENTS

NOTE 9. PENSION PLANS (CONTINUED)

Discount Rate (Continued)

The following table presents the sensitivity of the net pension liabilities to changes in the discount rate.

Sensitivity of the Net Position Liability to Changes in the Discount Rate				
		1% Decrease	Current	1% Increase
		(6.00%)	Discount Rate	(8.00%)
			(7.00%)	
SCRS	\$	147,430,986	\$	112,553,434
				\$ 83,562,975
PORS	\$	100,614,233	\$	69,278,437
				\$ 43,691,607

Pension Expense

For the year ended June 30, 2022, the County recognized its proportionate share of collective pension expense of \$8,218,800 and recognition of deferred amounts from changes in proportionate share and differences between employer contributions and the proportionate share of total plan employer contributions of (\$8,037,478) for a total of \$181,322 for the SCRS plan. Additionally, for the year ended June 30, 2022, the County recognized its proportionate share of collective pension expense of \$7,579,075 and recognition of deferred amounts from changes in proportionate share and differences between employer contributions and the proportionate share of total plan employer contributions of (\$2,304,270) for a total of \$5,274,805 for the PORS plan. Total pension expense for both plans was \$5,906,127.

NOTES TO FINANCIAL STATEMENTS

NOTE 9. PENSION PLANS (CONTINUED)

Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2022, the County reported deferred outflows of resources and deferred inflows of resources related to the SCRS and PORS pension plans, respectively, from the following sources:

SCRS	Deferred Outflows of Resources	Deferred Inflows of Resources
	<u> </u>	<u> </u>
Differences between expected and actual experience	\$ 1,917,218	\$ 151,906
Changes of assumptions	6,160,806	-
Net difference between projected and actual earnings on pension plan investments	-	16,349,870
Changes in proportionate share and differences between employer contributions and proportionate share of total plan employer contributions	1,208,358	25,201,751
Employer contributions subsequent to the measurement date	<u>12,737,328</u>	<u>-</u>
Total	<u>\$ 22,023,710</u>	<u>\$ 41,703,527</u>
PORS	Deferred Outflows of Resources	Deferred Inflows of Resources
	<u> </u>	<u> </u>
Differences between expected and actual experience	\$ 2,356,794	\$ 215,758
Changes of assumptions	4,941,267	-
Net difference between projected and actual earnings on pension plan investments	-	15,531,916
Changes in proportion and differences between employer contributions and proportionate share of contributions	5,057,765	12,911,400
Employer contributions subsequent to the measurement date	<u>10,614,004</u>	<u>-</u>
Total	<u>\$ 22,969,830</u>	<u>\$ 28,659,074</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 9. PENSION PLANS (CONTINUED)

*Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions
(Continued)*

County contributions subsequent to the measurement date of \$12,737,328 and \$10,614,004 for the SCRS plan and the PORS plan, respectively, are deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	SCRS	PORS
2023	\$ (8,565,986)	\$ (2,938,484)
2024	(8,438,875)	(2,485,650)
2025	(9,294,375)	(4,874,500)
2026	(6,117,909)	(6,004,614)

NOTE 10. OTHER POSTEMPLOYMENT BENEFITS

Plan Description

The County's postemployment benefit plan is a single employer defined benefit plan that is self-funded for medical/prescription drug and fully insured for life insurance to eligible retirees and their dependents. The postemployment medical benefit plan is administered by Planned Administrators Incorporated. The County Administrator has the authority to establish/amend the plan's provisions and contribution requirements. Separate publicly available financial statements are not issued for the OPEB Plan.

Medical/Prescription Drugs

Eligible retirees of the County receive health care coverage through one of three medical PPO plans: Standard, Plus and Premium. Employees who retired prior to January 1, 2004, are eligible to enroll in any of the three plans, while employees who retired on or after January 1, 2004, are only eligible to enroll in the Standard plan. Employees who retired prior to January 1, 2004, are eligible to remain on the County's plan upon reaching Medicare eligibility. Employees who retired on or after January 1, 2004, are eligible for a fully-insured Medicare supplement plan.

Dental

Eligible retired employees have the option to remain on the County's dental insurance plan. The County provides a subsidy to offset some of the cost for this benefit.

Life Insurance

Retiree life insurance is available to retirees until age 65 on a contributory basis. Retirees who choose this benefit receive \$40,000 worth of coverage.

NOTES TO FINANCIAL STATEMENTS

NOTE 10. OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Plan Description (Continued)

Required Monthly Contributions

Contributions are required for both retiree and dependent coverage. Depending on the plan selected, date of retirement, and years of service, the County provides a subsidy to offset the full cost of coverage.

Funding Policy

The County currently pays for other post-employment benefits on a pay-as-you-go basis. For the year ended June 30, 2022, the County paid \$1,589,697 toward the cost of retiree health and dental insurance for eligible retired employees. No assets are accumulated in a trust that meet the criteria in paragraph 4 of GASB Statement No. 75.

Membership

At June 30, 2021, (the measurement date), there were 2,719 participants as follows:

Active participants	2,416
Retirees and beneficiaries currently receiving benefits	303
Total	<u>2,719</u>

Total OPEB Liability

The County's total OPEB liability was measured as of June 30, 2021, and was determined by an actuarial valuation as of June 30, 2020.

Actuarial Assumptions

The total OPEB liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Discount rate:	2.16% as of June 30, 2021
Healthcare cost trend rate:	7.00% - 4.50%, Ultimate Trend by 2030 for Pre-Medicare 5.25% - 4.50%, Ultimate Trend by 2024 for Pre-Medicare
Inflation rate:	2.25%
Salary increase:	3.00% - 9.50% for SCRS eligible employees and 3.50% - 10.50% for PORS eligible employees per annum
Participation rate:	30% of all eligible employees and 40% for spouse coverage

NOTES TO FINANCIAL STATEMENTS

NOTE 10. OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Actuarial Assumptions

Mortality rates were based on the PUB-2010 Mortality Table for Employees with a 135% multiplier to better reflect the anticipated experience and provide margin for future improvements. The demographic assumptions for retirement, disability incidence, withdrawal, and salary increases used in the June 30, 2020 valuation were based on the results of an actuarial experience study adopted by SCRS and PORS. The remaining actuarial assumptions (e.g., initial per capita costs, health care cost trends, rate of plan participation, rates of plan election, etc.) used in the June 30, 2020 valuation were based on a review of recent plan experience done concurrently with the June 30, 2020 valuation.

Discount Rate

The discount rate used to measure the total OPEB liability was 2.16% as of June 30, 2021. This rate was determined using an index rate of 20-year, tax-exempt general obligation municipal bonds with an average rating of AA or higher – which was 2.16% as determined by the Bond Buyer 20-Bond GO Index Rate as of June 30, 2021.

Changes in the Total OPEB Liability

The changes in the total OPEB liability of the County for the year ended June 30, 2022, were as follows:

	Total OPEB Liability
Balances beginning of year	\$ 50,897,201
Changes for the year:	
Service cost	2,381,048
Interest	1,104,576
Difference between actual and expected experience	313,157
Assumption changes	763,170
Benefit payments and implicit subsidy	(1,842,853)
Net changes	2,719,098
Balances end of year	\$ 53,616,299

The required schedule of changes in the County's total OPEB liability and related ratios immediately following the notes to the financial statements presents multiyear trend information about the total OPEB liability.

NOTES TO FINANCIAL STATEMENTS

NOTE 10. OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the County as of June 30, 2022, (June 30, 2021 measurement date), as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.16%) or 1-percentage-point higher (3.16%) than the current discount rate:

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate		
1% Decrease	Current	1% Increase
(1.16%)	Discount Rate	(3.16%)
(1.16%)	(2.16%)	(3.16%)
\$ 59,886,635	\$ 53,616,299	\$ 48,112,334

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rate

The following presents the total OPEB liability of the County as of June 30, 2022 (June 30, 2021 measurement date), as well as what the County's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rate		
1% Decrease	Current	1% Increase
1% Decrease	Healthcare	1% Increase
1% Decrease	Cost Trend Rates	1% Increase
\$ 46,966,946	\$ 53,616,299	\$ 61,670,782

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revisions as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the substantive plan in effect as of June 30, 2021, and the current sharing pattern of costs between employer and inactive employees.

NOTES TO FINANCIAL STATEMENTS

NOTE 10. OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2022, the County recognized OPEB expense as follows:

Description		
Service cost (annual cost of current service)	\$	2,381,048
Interest on the total OPEB liability		1,104,576
Recognition of current year amortization - difference between expected and actual experience & assumption changes		35,627
Recognition of current year amortization - assumption changes		86,823
Recognition of beginning deferred outflows and inflows or resources as OPEB expense, net		3,360,501
 Total aggregate OPEB expense	 \$	 <u>6,968,575</u>

At June 30, 2022, the County reported deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 15,141,271	\$ -
Changes of assumptions	6,177,905	585,298
Employer contributions subsequent to the measurement date	1,589,697	-
Total	\$ 22,908,873	\$ 585,298

County contributions subsequent to the measurement date of \$1,589,697 are deferred outflows of resources and will be recognized as a reduction of the total OPEB liability in the year ended June 30, 2023. Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Retiree Health Insurance Plan

Year ended June 30:

2023	\$	3,482,951
2024		3,482,951
2025		3,482,951
2026		3,482,951
2027		3,411,971
Thereafter		3,390,103

NOTES TO FINANCIAL STATEMENTS

NOTE 11. RISK MANAGEMENT

There were no significant reductions of insurance coverage compared to the prior year. Settled claims in the past three years have not exceeded the coverages.

The County operates two separate Internal Service Funds self-insurance programs for health and workers' compensation. Funds are appropriated in the General Fund, the Vehicle Service Fund, the Solid Waste Fund and certain Special Revenue Funds to cover claims, administrative costs and other liabilities. The County's health insurance program is to provide medical and dental coverage to its full-time employees. Full-time employees can select from three self-insured medical plans. Ninety-nine percent of County employees participate in these self-insured medical plans, making them the predominant participants in the plans. Revenues and expenses for the self-insured program for health are accounted for in the Internal Service Funds within the Proprietary Fund types. Coverage in the medical self-insurance program is extended to include various other Greenville County agencies including the Art Museum, Redevelopment Authority, County Library and several fire districts.

The County expended \$31,467,049 for medical and dental claims in fiscal year 2022. The basis for estimating claims not reported at year-end is the monthly average paid in claims. The self-insurance fund collects interfund premiums from insured funds and departments and pays claim settlements. Premiums for employees are based on maximum claim level activity and all other premiums in the fund are based on the expected claim level as provided by the actuarial estimate by the reinsurer. Medical claims exceeding \$300,000 per insured are covered through a private insurance carrier.

The self-insurance program for workers' compensation is also accounted for within the activity of the Internal Service Fund. The Workers' Compensation program serves personnel of the County. The County has contracted with a professional firm to administer this fund. Claims paid during the current fiscal year totaled \$1,466,569. Premium increases and decreases for both programs are reviewed and recommended annually by the County's contract administrators.

Changes in the balances of claims liabilities during the last two years ended June 30, are as follows:

	Workers' Compensation		Health and Dental	
	June 30, 2022	June 30, 2021	June 30, 2022	June 30, 2021
Unpaid claims, beginning of fiscal year	\$ 2,000,000	\$ 2,200,000	\$ 2,400,000	\$ 2,200,000
Incurred claims and changes in estimates	1,466,569	1,665,236	31,867,049	27,508,288
Claim payments	(1,466,569)	(1,865,236)	(31,467,049)	(27,308,288)
Unpaid claims, end of fiscal year	<u>\$ 2,000,000</u>	<u>\$ 2,000,000</u>	<u>\$ 2,800,000</u>	<u>\$ 2,400,000</u>
Current portion	<u>\$ 1,300,000</u>	<u>\$ 1,300,000</u>	<u>\$ 2,744,000</u>	<u>\$ 2,352,000</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 11. RISK MANAGEMENT (CONTINUED)

Changes in the balances of claims liabilities during the last two years ended June 30, are as follows:

Revenues and expenses for the self-insured plan are accounted for in the internal service fund of the County. The basis for estimating claims not reported at year-end is twice the monthly average paid in claims. The self-insurance fund collects a monthly premium for the Authority and pays claim settlements. Premiums for employees are based on maximum claim level activity and all other premiums in the fund are based on the historical claim level as provided by the actuarial estimate by the reinsurer. Medical claims exceeding \$250,000 per insured are covered through a private insurance carrier.

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the County carries insurance through the State Fiscal Accountability Authority Insurance Reserve Fund (the "Fund"). The County pays premiums to the Fund for its general insurance coverage. The agreement for formation of the Fund provides that the Fund will be self-sustaining through member premiums and will reinsure through commercial companies for each insured event. The County continues to carry commercial insurance for all other risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three years.

NOTE 12. COMMITMENTS AND CONTINGENCIES

Road Maintenance and Communication Fees

In 2017, Greenville County Council enacted two ordinances. One ordinance increased the road maintenance fee from \$15 to \$25 per registered vehicle. The other ordinance required real property owners to pay \$14.95 a year for ten years. These funds were used to upgrade public safety telecommunications services. During fiscal year 2021, the South Carolina Supreme Court declared the \$10 increase (from \$15 to \$25) in the road maintenance fee and the entire telecommunications fee invalid. As a result, Greenville County continued to collect the \$15 road maintenance fee and no longer collects the telecommunications fee.

Litigation

The County is party to a number of lawsuits arising in the course of operations. It is the opinion of management, in consultation with legal counsel, that it cannot be determined whether resolution of the other pending cases will have a material adverse effect on the financial condition of the County.

Grant Contingencies

The County has received Federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to the disallowance of certain expenditures previously reimbursed by those agencies. Based upon prior experience, County management believes such disallowances, if any, will not be significant.

NOTES TO FINANCIAL STATEMENTS

NOTE 13. TAX ABATEMENTS

The County provides tax abatement incentives through three programs - Fee in Lieu of Tax, Special Source Revenue Credits, and Multi-County Business Parks:

A Fee in Lieu of Tax (FILOT) is authorized under South Carolina Code Title 12, Chapter 44, Title 4, Chapter 29, or Title 4, Chapter 12. The FILOT is used to encourage investment and provides a reduction of property tax when a business invests a minimum of \$2,500,000 within a 5-6 year investment period (beginning with the date property is placed in service, ending five years after the last day of the property tax year in which the property is initially placed in service). The reduction in property taxes is accomplished by a reduction of assessed value, reduction in millage rate and elimination of (or reduction in) number of times millage rates are changed. In addition, an agreement may allow the possible use of net present value method over the term of the FILOT agreement to equalize payments. Repayment of incentive is required by State law if a taxpayer fails to meet statutory minimum investment requirements. Other recapture provisions may be negotiated (such as a pro rata claw back for failure to meet and/or maintain jobs/investment).

A Special Source Revenue Credit (SSRC) is authorized under South Carolina Code Sections 4-29-68, 4-1-170, and 12-44-70. The SSRC is used to encourage investment and provides a credit against property taxes in the form of a percentage reduction or a dollar amount reduction. The County manually applies SSRC to reduce applicable property tax bills. To receive the credit, a business must incur costs of designing, acquiring, constructing, improving, or expanding improved or unimproved real estate or personal property used in the operation of a manufacturing or commercial enterprise, infrastructure servicing the project, or certain aircraft.

A Multi-County Business Park (MCBP) is authorized under Article VIII, Section 13(d) of the Constitution of South Carolina, as amended and South Carolina Title 4, Chapter 1. A MCBP is used to promote the economic welfare of their citizens by inducing businesses to invest in the counties through the offer of benefits available under South Carolina law pursuant to MCBP arrangements. The designation as a MCBP provides that all real and personal property located in the park shall be exempt from all ad valorem taxation. This is typically used in the creation of a FILOT or SSRC, but also has the additional benefit of exemption of property from the rollback taxes when the property was previously taxed as agricultural property.

When agricultural real property is applied to a use other than agricultural, it is subject to additional taxes, referred to as rollback taxes. The amount of the rollback taxes is equal to the sum of the differences, if any, between the taxes paid or payable on the basis of the fair market value for agricultural purposes and the taxes that would have been paid or payable if the real property had been valued, assessed, and taxed as other real property in the taxing district (except the value of standing timber is excluded), for the current tax year (the year of change in use) and each of the immediately preceding five tax years.

For the fiscal year ended June 30, 2022, the County abated property tax revenues of approximately \$4,327,893 under FILOT agreements entered into by the County.

NOTES TO FINANCIAL STATEMENTS

NOTE 14. SHORT-TERM OBLIGATIONS

In March 2021, the County Square Redevelopment Corporation acting on behalf of Greenville County issued \$83,945,000 installment purchase revenue bond anticipation notes, Series 2021. The notes matured and were due and payable on March 3, 2022, including principal and interest. The notes bear interest at 2.00%. The Series 2021 Notes were issued for the purpose of providing funds to acquire, construct, renovate, install, furnish and equip County administration facilities and facilities to be used for various State and County governmental offices and court facilities, to acquire certain real property, to defray the costs of various public improvements, including but not limited to roads, sidewalks and utility improvements adjacent to and in the vicinity of the administration facilities, and for the acquisition and up-fitting of an emergency operations center and related facilities. The Series 2021 Notes were issued resulting in an original issue premium in the amount of \$1,550,464 to be amortized over the life of the notes. There are pledged for the repayment of the principal of, and interest on the Series 2021 Notes the anticipated future proceeds of the bonds of the County to be issued for the purpose of discharging the Series 2021 Notes. The Series 2021 Notes are also secured by the Trust Estate created under the issuing ordinance which consists primarily of amounts to be paid by the County pursuant to the Base Lease and Facilities Agreement. The Series 2021 Notes were refunded during fiscal year 2022 in a current refunding transaction by the issuance of Series 2022 installment purchase revenue bond anticipation notes as well as the issuance of Series 2022 installment purchase revenue bonds.

In March 2022, the County Square Redevelopment Corporation acting on behalf of Greenville County issued \$55,150,000 installment purchase revenue bond anticipation notes, Series 2022. The notes mature and are due and payable on March 3, 2023, including principal and interest. The notes bear interest at 3.00%. The Series 2022 Notes were issued for the purpose of providing funds to acquire, construct, renovate, install, furnish and equip County administration facilities and facilities to be used for various State and County governmental offices and court facilities, to acquire certain real property, to defray the costs of various public improvements, including but not limited to roads, sidewalks and utility improvements adjacent to and in the vicinity of the administration facilities, and for the acquisition and up-fitting of an emergency operations center and related facilities. The Series 2022 Notes were issued resulting in an original issue premium in the amount of \$1,091,970 to be amortized over the life of the notes. There are pledged for the repayment of the principal of, and interest on the Series 2022 Notes the anticipated future proceeds of the bonds of the County to be issued for the purpose of discharging the Series 2022 Notes. The Series 2022 Notes are also secured by the Trust Estate created under the issuing ordinance which consists primarily of amounts to be paid by the County pursuant to the Base Lease and Facilities Agreement.

GREENVILLE COUNTY, SOUTH CAROLINA

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for specific revenues that are legally restricted, committed, or assigned for expenditures of particular purposes.

Infrastructure Bank Fund This fund was created as a result of a master ordinance and policy adopted regarding use of revenues from the various fee-in-lieu-of-tax and multi-county park agreements and transactions between the County and new industry. Infrastructure bank funds are used to fund capital needs as a result of economic development.

Charity Hospitalization Fund The millage collected for Charity Hospitalization (Medical Charities) is dedicated to the medical operations of the Detention Center with remaining funds allocated to the State of South Carolina for indigent health care. The funds provide for the care of the County's medically indigent and incarcerated prisoners within the Detention Center.

Hospitality Tax Fund This fund is used to account for the collection and allocation of the County's two percent tax on prepared foods and beverages.

Interoperable Communications Fund This fund is used to account for activity related to the countywide upgrade of the Public Safety communications services.

Fire Service Areas Fund This fund is used to account for activity related to fire service areas covered by contractual agreements between the County and various cities.

Greenville County Business Park Fund This fund is used to account for activity related to the Augusta Grove business park.

Solicitor Expungement Fund This fund is used to account for fees collected in exchange for criminal record expungement. The funds are to be used for drug treatment court programs.

Solicitor Estreatment Fund This fund is used to account for bonds forfeited for failure to appear for a court date.

Circuit Solicitor Seized Funds This fund is used to account for the solicitor's portion of proceeds from drug seizures.

Sheriff Federal Sharing Fund This fund is used to account for the sheriff's portion of federal agency seizures in which the county has provided assistance.

Sheriff Narcotics Fund This fund is used to account for the sheriff's portion of proceeds from drug seizures.

Road Maintenance Program This fund is used to account for the proceeds from the County's \$25 per vehicle road maintenance fee and other certain revenues that are legally restricted or committed for use on road maintenance programs.

GREENVILLE COUNTY, SOUTH CAROLINA

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS (CONTINUED)

E-911 Fund This fund is used to account for a tariff placed on phone bills to support the implementation and operation of a telephone emergency network.

Detention Center Inmate Fund This fund is used to account for funds received from inmates for canteen sales and telephone charges.

Second Chance Fund This fund is used to account for activity related to donations received for animal care.

Public Works Programs Fund This fund is used to account for revenue received from fines and fees for resource remediation and encroachment.

State Accommodations Tax Fund This fund is used to account for the County's portion of the 2% statewide tax on lodging allocated by the State. The funds are to be used on tourism related expenses.

Local Accommodations Tax Fund This fund is used to account for the county's portion of the 3% local tax imposed on lodging. The funds are to be used on tourism related expenses.

Victims Bill of Rights Fund This fund is used to account for conviction surcharges and assessments. The funds are to be used to provide victim services.

Miscellaneous Other Grants Fund This fund is used to account for activity related to various grants or other restricted revenues not included under the above funds.

Parks, Recreation & Tourism Fund This fund is used to account for the operations of parks, recreation and tourism related activities. It is funded primarily through property taxes and fees charged for the use of facilities.

Art Museum Fund This fund is used to account for the operations of art museum related activities. It is funded primarily through property taxes.

Greenville Technical College Fund This fund is used to account for the operations of Greenville Technical College related activities. It is funded primarily through property taxes.

Library Fund This fund is used to account for the operations of library related activities. It is funded primarily through property taxes and monies collected are disbursed to the library.

GREENVILLE COUNTY, SOUTH CAROLINA

INTERNAL SERVICE FUNDS

INTERNAL SERVICE FUNDS

Vehicle Service Center Fund is used to account for the operation and maintenance of County vehicles. The Fund bills other County funds at amounts that will approximately recover all the cost of the services provided.

Workers Compensation Fund is used to account for the receipt and disbursements of workers compensation claims.

Health and Dental Fund is used to account for the receipt and disbursement of employee group health and dental insurance claims.

GREENVILLE COUNTY, SOUTH CAROLINA

FIDUCIARY FUNDS

CUSTODIAL FUNDS

Property Tax Fund receives all the taxes collected that have been levied by the county and other taxing authorities.

Family Court Fund receives funds from child support payments.

Master in Equity Fund receives funds from foreclosure sales. It also hold surplus funds resulting from sale bids exceeding the debt due the Plaintiff.

Clerk of Court Fund receives funds per a court order. Most orders will refer to the power of eminent domain and S.C. Code Section 28-2-40 which allows the funds to be held in an interest bearing account. The Clerk of Court also collects certain fines.

Pretrial Intervention Fund is used to collect fees and fines related to pre-trial intervention, adult drug court, alcohol enforcement program, Pickens adult drug court, juvenile drug court, and traffic education.

Special Districts Fund accounts for 4 sources of collections. The first type is the unspent bond proceeds for other governments. The second type is the funds to pay debt service for which the County Treasurer acts as paying agent. The third type are funds held for various special purpose districts by the County Treasurer. The fourth type is the tax sales account. These funds represent the money from the last tax sale which occurred in 2019. Normally property owners have one year to redeem their property but this has been extended an additional year due to the COVID protocols put in place by the state.

Public Defender Fund receives funds from the state on a quarterly basis and represent funding for the operations of the public defender's office. They are spent at the sole discretion of the public defender. Other funds are received from municipalities for services provided. These charges are based on the number of cases in each municipality and are also used at the discretion of the public defender.

Inmate Fund is used for monies collected at the time of arrest as well as received from friends and family members of incarcerated individuals. These funds are held until requested by the inmate for use in the commissary or after the inmate leaves the facility.

STATISTICAL SECTION

STATISTICAL SECTION

(UNAUDITED)

This part of the County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, required supplementary information, and supplementary information says about the Government's overall financial health.

Contents

	<u>Page</u>
Financial Trends	138 - 144
<i>These schedules contain trend information to help the reader understand how the Government's financial performance and well-being have changed over time.</i>	
Revenue Capacity	145 - 148
<i>These schedules contain information to help the reader assess the Government's most significant local revenue sources.</i>	
Debt Capacity	149 - 152
<i>These schedules present information to help the reader assess the affordability of the Government's current levels of outstanding debt and the Government's ability to issue additional debt in the future.</i>	
Demographic and Economic Information	153 - 157
<i>These schedules offer demographic and economic indicators to help the reader understand the environment within which the Government's financial activities take place.</i>	
Operating Information	158
<i>These schedules contain service and infrastructure data to help the reader understand how the information in the Government's financial report relates to the services the Government provides and the activities it performs.</i>

Estimated Actual Value - Taxable Property

Note: Assessed values are established by the County Assessor and the South Carolina Department of Revenue at various rates between 4 and 10.5 percent of the estimated market value. The total direct tax rate is the combined tax rate to finance general government services and principal/interest on long-term debt. Tax rates are per \$1,000 of assessed value. Beginning in fiscal year 2014 the total direct tax rate includes the addition of Parks, Recreation and Tourism.

Note: This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the County of Greenville. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account.

COMPLIANCE SECTION

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

**To the County Council
of Greenville County
Greenville, South Carolina**

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the **Greenville County, South Carolina** (the "County") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated October 13, 2022. Our report includes a reference to other auditors who audited the financial statements of the Greenville County Redevelopment Authority, the Greenville Area Development Commission, and the Greenville County Library System as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of the internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The financial statements of the Greenville Area Development Commission were not audited in accordance with *Government Auditing Standards* and accordingly, this report does not include reporting on internal control over financial reporting or compliance and other matters associated with the Greenville Area Development Commission or that are reported on separately by those auditors who audited the financial statements of the Greenville Area Development Commission.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

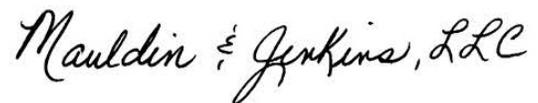

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Columbia, South Carolina
October 13, 2022

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER
COMPLIANCE; AND REPORT ON SCHEDULE OF EXPENDITURES OF
FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE**

**To the County Council
of Greenville County
Greenville, South Carolina**

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited **Greenville County, South Carolina's** (the "County") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2022. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Greenville County, South Carolina complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Greenville County's basic financial statements include the operations of the Greenville County Redevelopment Authority, which expended \$7,642,157 in federal awards which is not included in the schedule of expenditures of federal awards of the County for the year ended June 30, 2022. Our audit, described below, did not include the operations of the Greenville County Redevelopment Authority as the component unit engaged other auditors to perform an audit in accordance with the Uniform Guidance.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the audit requirements of Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the County's federal programs.

Auditor's Responsibility for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However material weaknesses or significant deficiencies may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

GREENVILLE COUNTY, SOUTH CAROLINA

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED JUNE 30, 2022

NOTE 1. BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of Greenville County, South Carolina (the "County"), and is presented on the modified accrual basis of accounting for governmental fund types and the accrual basis of accounting for the proprietary fund types. The County reporting entity is described in Note 1 to the County's basic financial statements.

The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in the Schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 2. DE MINIMIS INDIRECT COST RATE

The County chose not to use the ten percent de Minimis indirect cost rate for the year ended June 30, 2022.

NOTE 3. NON-CASH AWARDS AND LOANS

There were no federal awards expended in the form of noncash assistance during the fiscal year. There were also no loans or loan guarantees outstanding at year end.

GREENVILLE COUNTY, SOUTH CAROLINA

None Reported.

GREENVILLE COUNTY, SOUTH CAROLINA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

SECTION IV SCHEDULE OF PRIOR YEAR FINDINGS

2021-001 Management of Long-term Obligations

Criteria: Generally accepted accounting principles require long-term obligations to be recorded in the accounting period in which they are incurred. Additionally, governmental accounting standards require liabilities reported in governmental-type funds and whose liquidation does not require current financial resources to be reported only at the government-wide level Statement of Net Position. Additionally, governmental accounting standards require that governmental funds record proceeds from the issuance of long term obligations in the period of issuance as well as debt service expenditure and costs of issuance in the period paid.

Condition: The County did not properly record the activities associated with certain issuances of special assessment general obligation bonds that were issued in prior years, namely the Glassy Mountain Fire Service Area 2015A bonds, the Canebrake Fire District 2018 bonds, the Tigerville Fire District 2010 bonds, the Clear Springs Fire District 2017 bonds, the River Falls Fire Service Area 2013 bonds, the Donaldson Center Fire Service Area 2019B bonds, and the Greenville County Museum of Art 2019C bonds.

Status: Resolved.
