REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Honorable Members of County Council
Greenville, South Carolina

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Greenville County, South Carolina (the County), as of and for the year ended June 30, 2011, which collectively comprise the County’s basic financial statements as listed in the table of contents. These financial statements are the responsibility of the management of the County. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Greenville County Redevelopment Authority (the Authority) and the Greenville County Library Systems (the Library), discretely presented component units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Authority and Library, are based solely on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of the other auditors, provide a reasonable basis for our opinions.

In our opinion, based on our audit and the report of the other auditor, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County, as of June 30, 2011, and the respective changes in financial position, cash flows, where applicable, and the respective budgetary comparisons for the general fund and the E-911, Accommodations Tax, and Victim’s Bill of Rights, all of which are sub-funds of the Federal and State Grant fund, for the year then ended in conformity with accounting principles generally accepted in the United States of America.
In accordance with Government Auditing Standards, we have also issued our report dated November 16, 2011 on our consideration of the County’s internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

The Management’s Discussion and Analysis, General Fund Budgetary Comparison Information, and Schedule of Funding Progress are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit this information and express no opinion thereon.

Our audit was conducted for the purpose of forming opinions on the basic financial statements that collectively comprise the County’s basic financial statements. The introductory section, supplemental information, which includes the combining and individual fund statements and schedules, and supplemental data and the statistical section, as well as, the accompanying schedule of expenditures of federal awards, as required by U.S. Office of Management and Budget Circular A-133, Audit of States, Local Governments, and Non-Profit Organizations, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The supplementary information, supplementary data and the schedule of expenditures of federal awards, as required by U.S. Office of Management and Budget Circular A-133, Audit of States, Local Governments, and Non-Profit Organizations, have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and the statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Greenville, South Carolina
