

## REVIEW PROCESS

1. The Family Subdivision Plat will be reviewed by Subdivision Administration and Zoning for compliance. If approved, the applicant will be notified to record the Family Subdivision Plat and the Affidavit/s at the Register of Deeds office and then return to Subdivision Administration.
2. The plat will then be routed internally to E-911 for addressing and Real Property for tax map numbers. Please allow 5 days for processing. A copy of the plat will be mailed to the applicant once routing is complete.
3. Upon completion of Step 2, Subdivision Administration will place holds on all the lots with Building Codes. All lots will remain on hold until time of development. At that time, appropriate agency approval and a Land Disturbance Permit will be required. Based on the amount of disturbance, the permit may require the services of a design professional.
